Canyon, Texas, Thursday, September 25, 1947

Number 30

## Cost of Road Bonds Less Than Claimed

## Local Students May Take New Vocational Work

Positions are still open in the general building and general metals courses for 20 students interested in receiving training in either of those crafts, announces W. T. McGregor, head of the school's newest department, vocational education.

However, Thursday is the last day for changing programs, and he warns that anyone wishing to sign up for the classes should do so before that time.

All sections, two each day for both classes, are open to applicants. Housed in the NYA building (directly south of the swimming pool) the vocational education department offers a total of 72 semester hours credit, 36 in each division. At the end of two years' work in either line of specialization, a student receives an occupational certificate recognizing him as a qualified craftsman.

Together with the three hours each day he spends in the vocational class, the student takes two three-hour courses to make up the 15 hours prescribed as a full schedule. After completion of three weeks' instruction in essential practices for care and use of hand tools, the boys of the building trades class will start work on construction of seven garages for the school.

Sheet metal work, welding, machine shop and bench work are the four phases to be stressed this semester in the general metals course. Classes meet five days a week, Monday through Friday.

"In the department enrollment of 32, approximately 25 per cent are veterans," comments McGregor. The VA furnishes over \$75 worth of equipment to ex-servicemen who complete the course.

## AAUW Officers Hear Reports and Plan Year's Work

Miss Ruth Lowes, president of the Canyon Branch of the American Association of University Women, was hostess to the officers and committee chairmen of the local chapter Sunday, September 21, at 5:00 o'clock at her home, 2204 Seventh Avenue. Standing chairmen made brief reports on the past year's work highlighting the services of the club.

Two noteworthy projects, which the Pine Arts Chairman reviewed, were the exhibit of Latin American Art and Handicrafts featuring Dr. Ples Harper as lecturer and the Art Survey of the community directed by Mrs. Nell Green Findley, which won a state award.

The Executive committee made plans and recommendations to present to the first general meeting for the coming year.

The first meeting will be a social affair to be held at the Phebe K. Warner Home Management House Monday evening, October 6, at 7:30 o'clock with Miss Katie McCluney and branch officers as hostesses. Anyone desiring information about membership should call Miss Novella Goodman.

A salad course was served to the following guests: Miss Novella Goodman, Dr. Hattie M. Anderson, Dr. Ima Barlow, Dr. Leta Boswell, Miss Albessa Stephenson, Miss Matilda - Gaume, Miss Loula Grace Erdman, Miss Wilma Hixson, Miss Katie McCluney, Mrs. J. R. Sharp, Mrs. T. V. Reeves, Mrs. Mary Sligar, Mrs. Joseph Findley, and Mrs. Charles Harter.

## Farm Bureau Will Meet October 2nd at Herring Hotel

J. Walter Hammond, president of the Texas Farm Bureau, will hold a regional meeting of all members of the organization at the Herring Hotel in Amarillo on Thursday, October 2.

Randall county members will attend the meeting.

## CAMPBELL UNDER TREATMENT

Ray Campbell has been under treatment at the Veterans Hospital in Amarillo for the past week. He is being given a complete physical check-up because of recent bad health.

Help Keep Canyon Clean!

Delbert Lowes, president of the Chamber of Commerce, states that there has been many inaccurate statements made regarding the cost to the taxpayers, if the farm-to-market roads are voted Saturday.

Based upon the 1947 tax values of \$8,600,000, should the bonds be issued for 30 years, and should it be necessary to charge the maximum interest rate of 3%, county taxes will be increased only 49½¢ on the \$100 valuation. This would be an increase of 54¢ in taxes since the present rate is 92¢ on the \$100 valuation.

Mr. Lowes states that under the present interest rates, the bonds should be sold at 2% or less, thus cutting the tax rate. All the bond dealers state that the rate will not be over 2%.

The farmers of Randall county will pay more than 50% of the entire cost of the bond issue, under present values.

The state looks with favor upon counties which go ahead and vote bonds for farm-to-market roads and the State Highway Commission is helping those counties which help themselves.

## Booster Plant Burned Monday Southwest City

The new booster plant 9 miles southeast of Canyon was in flames several hours Monday as the result of a break in the pipe line which runs from Phillips to Odessa.

Workmen at the plant state that they heard a dull boom about 10:30 o'clock in the morning, and flames shot into the air. The pipe line carried a mixture of gasoline and crude oil. After the gates had been closed on both sides, the oil had to burn out before the flames subsided.

Residences which were under construction were far enough from the scene to be saved from the flames.

The pipeline is named the Standish Pipeline Company, operated by the Phillips company. The station will be out of commission until a new building is erected and new machinery installed.

## Ladies Night Is Observed By Lions Club With Picnic

Canyon Lions Club observed the annual occasion of Ladies night with a supper picnic Thursday night, September 18, at the Country Club. A delicious menu of steaks, salads, sandwiches, ice cream, coffee and cold drinks was served the seventy members and guests present. Informal singing and tall tales from Texans completed the evening's activities.

Also of interest to the local club was the regional banquet held at Dalhart, on Friday night, celebrating the twenty-fifth anniversary of the founding of the Dalhart Lions Club. More than 500 Lions and ladies, from five states, were present to enjoy the splendid program featuring the appearance of four district governors and the Lions International President, Fred W. Smith, of Ventura, California.

In his masterful address, Mr. Smith stressed the importance of Lions aims and activities which are proving to be a safeguard of freedom and Democracy throughout the world. Such a program involves a third of a million members, in 6,379 clubs, established in 20 nations of four world continents.

The Canyon club was represented by Lion and Mrs. Ed Williams, Lion and Mrs. A. K. Goodman, and Lion and Mrs. Noble Armstrong.

## Cub Scout Pack 31 To Be Reorganized

Cub Scout Pack 31 will meet Monday night, Sept. 29, at 7:30 o'clock at the Methodist Church in Fellowship Hall to reorganize and plan future activities.

All boys from 9 to 11 years old are eligible and are urged to attend. Each boy must be accompanied by at least one parent.

Mr. and Mrs. T. M. Thurmon and Leavorn visited with Mr. and Mrs. F. S. Bond in Plainview Sunday. Mr. Bond, an uncle of Mrs. Thurmon, is seriously ill.

Mrs. Lou Ella Walker from Denver, Colorado spent last week visiting with her sisters, Mrs. W. H. McAtee and Mrs. L. E. Thomas, Sr.

## Middleton Had Leg Broken; Hit By Car Monday

F. D. C. Middleton was hit by a car Monday morning in front of his home on Third Avenue, knocking him to the pavement, breaking his left leg in two places and badly bruising him in the face and on the body.

Mr. Middleton did not see the car, and the driver did not see Mr. Middleton.

According to his family Mr. Middleton passed a restless night Tuesday at the hospital where he was taken Monday.

## Road Bond Issue Was Presented at Rotary on Tuesday

The proposed road bond issue was presented to the Canyon Rotary Club Tuesday by members of the Randall County Farm Bureau. A. E. Wise of the Bureau, presided. Other members of the road committee present were, Earl Wesley, J. W. Spencer, Charles Irvin and Harley Burrus. Randall county has more than 400 members of this organization.

W. H. Upchurch was presented to talk for the farmers regarding the bond issue. His talk is printed in this issue.

Delbert Lowes, president of the Chamber of Commerce, presented figures to show that the tax increase would be nothing in comparison to the claims which are being made by opponents to the bond issue.

Hosea Foster and Charles Duvall returned as members of the club. Paul Rogers was introduced as a new member.

Other visitors were: Frank Morgan of Canyon; Bob Foster, John Oakes, L. A. Vahue, Bob Carter, N. S. Griggs, Horace Griggs, Arch B. Hunsley, E. E. Cavender, J. S. Triplett, Jr., all of Amarillo.

## Red Cross Home Service Office Changes Hours

Home Service Office of the American Red Cross, located on the third floor of the Court House, has announced a change of office hours. The office will be open Tuesday, Thursday and Saturday mornings, from 9 to 12 o'clock, instead of afternoons as previously.

Emergency and home calls will be answered at telephone 372.

## Brother of Mrs. J. J. Walker Dies

Frank Locke, brother of Mrs. J. J. Walker, died at Compton, Calif., Friday Morning, following a stroke. Mrs. Walker was unable to make the trip to California for the funeral.

Mr. Locke has visited in Canyon many times and friends here will be grieved to hear of his passing.

## Council of Church Women Will Meet

Canyon Council of Church Women will meet Tuesday, Sept. 30, at 3 o'clock at the First Methodist Church for the regular Fifth Tuesday meeting. A program will be presented to be followed by a social hour.

Help Keep Canyon Clean!

## Revival To Be Held at Local Baptist Church

REV. NORVILLE MARSHALL

REV. R. E. STREETMAN

Rev. R. E. Streetman of Mineola, Texas, and N. N. Marshall of Commerce, Texas, will lead in the Baptist revival in Canyon beginning Sunday, September 28th and running eleven days. Streetman is pastor of First Baptist Church in Mineola and Marshall is Director of Music and Education at First Baptist Church in Commerce. He will have charge of the music in the Canyon revival while Streetman will do the preaching, according to an announcement of Pastor Roy L. Johnson.

Services will be twice daily, at 10:00 A. M. and 7:30 P. M. during the week. Afternoon meetings will be held for all boys and girls from about 9 to 16 years of age, with two groups meeting each afternoon at 4:00. The visiting men will direct Bible story and music periods, alternating with the two groups daily. These should prove especially profitable and enjoyable to all boys and girls of these age groups, and the meetings will be held after school hours to permit attendance of more boys and girls. These meetings will be in the Junior and Intermediate departments of the church.

## Officials Okay Tech Special

Saturday, October 4, day of the big Tech-West Texas battle, will be a half-holiday here—if enough students signify their intention of travelling to Lubbock on the Santa Fe Special.

At least 150 must sign up for the trip before the train can be secured. Round-trip tickets cost \$4.17, and student admission to the game is priced at 90 cents, provided the ducaats are purchased here.

Upon request of the Student Senate, the administrative staff Friday granted permission to dismiss classes after the second period. Time of departure and return have not yet been made definite.

In addition to the student tickets, the athletic offices today received from officials at Lubbock 350 general admission tickets. During assembly period Thursday, location and hours for sale of both the train and game tickets will be announced.

Directing details the Tech Special are a committee comprised of both faculty and students: Miss Eleanor Boyd, Mitchell Jones, Dr. Lee Johnson, Charles Hutchinson and LeRoy Reeves.

Mr. and Mrs. W. H. McAtee returned Saturday morning from Fowler, Colorado where they visited with Mr. and Mrs. C. N. Tippery, who returned with them for the week end.

Mr. and Mrs. Jack Neil Cooper moved to Midland last week. Mr. Cooper will be associated with his brother-in-law, T. E. Allen, in the Western Auto Store, Associate.

## Randall County Farm Bureau Strong in Support of Bonds

## Farmers Take An Active Interest In Coming Vote

The following is a statement of the Randall County Road Bond issue to be voted upon Saturday as read Tuesday by W. H. Upchurch at the Rotary Club. This information was compiled by the Randall County Farm Bureau:

The Farm Bureau Roads Committee was organized about two years ago for the purpose of making a study of the Farm-to-Market road problem of the county. Its members are scattered over all parts of the county. It was not organized for the purpose of promoting a road bond issue.

Before the days of the automobile farmers traveled to town or to market once a week or perhaps once per month. They traveled slowly over dirt roads. Horses could walk through muddy places and even cross streams and waterways without bridges. Much of the cropland was devoted to production of feed crops to be consumed on the farm by the horses needed for power. Cattle were marketed by driving across country to nearest railroad and shipped to market. Children attended the district school. They walked to school or else rode horses or horsedrawn vehicles.

Slow travel, light loads and light traffic patterns did not wear down dirt roads very fast. Dirt roads in the average farming community with average maintenance would last for a hundred years before extensive rebuilding was necessary.

Today the picture is so different and is changing at such a rapid rate that we often fail to realize that we have built power vehicles faster than we have built roads. Dirt roads today in the average community are marked in dry weather by clouds of dust raised by fast moving gasoline powered cars and trucks. Tons of dirt in the form of dust is removed from every mile of dirt road every year. This is scattered by the wind and must be replaced by expensive power machine graders cutting huge ditches alongside the road. When it rains these same roads are quagmires of mud and the powerful engines of present day cars and trucks cut deep ruts or become mired and are pulled out by even more powerful tractors cutting even bigger ruts through the softened roadbeds. The amount of gasoline used to move a ton a mile, or to transport a sick child to the nearest hospital, is something that is seldom calculated. When you pick up a bottle of milk on your door step in the morning, you seldom think of how much of the total cost of producing and delivering this bottle of milk is the cost of transportation. The cost of hauling the milk from farm to processing plant and the cost of hauling feed to cows and even to moving cows by truck, as is constantly necessary, if a dairy is operated in the usual manner.

We are likely to forget that the cost of all agricultural products to the consumer is directly affected by the cost of transportation. An ever increasing percentage of farm production, and, of processed food to the consumer, is being moved by truck, and over such roads as may be provided.

With modern cars in the towns and the cities all over our land, the pleasure driving over country roads is now a heavier traffic load than was all traffic only a few decades in the past. The traffic pattern changes and gets heavier each year.

There is much talk of super-highways to meet this increase in traffic and the changing traffic pattern. It is alarming to the average taxpayer who is interested in highways to note the vast amount of money required to provide for the building and rebuilding of super-highways. We read in the papers that the State is ready and willing to spend six or eight million dollars on such a project in a neighboring city.

It looks as though all of us must pay gasoline tax for years to come to pay for the building of some of our super-duper highways with nothing left over to build a road for a farmer to haul his products to market or for the service people, in the agricultural communities, to visit their farm customers, to say nothing of the rural mail route, the school bus route, the milk truck route, the cattle hauling to market and pasture, the hauling of wheat to market and for the farmer to come to town when the soil is wet and no field work is possible, or when a snow has all the dirt roads blocked.

With the coming of automobiles, electricity, bottled gas, water pressure systems and modern refrigeration on the farm, we lack only paved roads into the farming communities to wipe out the last vestige of difference in the way of life in town and country. If this last barrier could be wiped out by giving the farm roads the same at-

(Continued on page five)

## Property Owners May Vote in Road Bond Election.

An error is made in a page advertisement in this issue of the News in regard to those who are eligible to vote Saturday. Authorities who based their opinion upon the fact that only real estate owners could vote, looked at Art. 2955b.

Art. 2955a proscribes that qualified voters are those who own TAXABLE PROPERTY WHICH HAS BEEN RENDERED FOR TAXATION, and are qualified to vote in bond elections.

This taxable property may be any sort of property, other than a poll tax.

## Sheriff Cantrell Invited Return FBI Training

Sheriff M. E. Cantrell has been invited to return to Washington, D. C. for a refresher course at the FBI National Academy. Mr. Cantrell was one of two Texas Sheriffs to be invited to the school held in Washington two years ago.

The course will be held Sept. 29-Oct. 3.

Mr. Cantrell stated Tuesday that he greatly appreciated the honor of being selected to return to the National Academy but was not certain that he could get away at this time of the year due to tax collections starting Oct. 1. He will probably answer the urgent telegram which he received Tuesday inviting that he accept.

## Mrs. J. A. Hill Is Named District Committee Head

Mrs. J. A. Hill has recently been appointed chairman of the Constitutional Amendment Committee for Texas Federation of Women's Clubs. She is also a life member of the Seventh District Board and has been district historian for the last three administrations.

Mrs. Hill and Mrs. L. A. Wells of Amarillo jointly compiled an historical scrap book of the first 20 years of Seventh District Federation of Women's Clubs. This book has been placed in the archives of the Panhandle - Plains Historical Museum.

## Stork Specials

Mr. and Mrs. John Albers are the parents of a baby daughter who arrived in Nebbett hospital, Sept. 18.

A daughter was born to Mr. and Mrs. J. H. Lisle, Jr., Sept. 19.

Mr. and Mrs. M. L. McGilvare announce the arrival of a daughter, Sept. 22.

A son, Jerry Wayne, was born to Mr. and Mrs. Beal Jackson at Plainview Sept. 15. Mrs. Jackson is the former Mary Lou Gunter.

Beth Eileen, 7 pound 5 ounce daughter was born to Mr. and Mrs. John E. Albers, Sept. 18.

## Reeves Donnell Cattle Win at Childress Fair

Don Acres Improver, bred and owned by Reeves Donnell, was first place winner in the two-year-old bull class at the Childress State Fair and went on to win Senior and Grandchampionships.

Six heds were exhibited by Mr. Donnell for a total of four firsts, one third and one fourth places. No other cattle from Randall County were entered.

Don Acres Farm is showing a number of entrants this week at the Tri-State Fair.

## MARRIAGE LICENSE

Herman G. Parton to Helen House, Sept. 18.

Robert E. Trowbridge to Madeline Jean Simmons, Sept. 19.

William B. Pointdexter to Dane Baker, Sept. 19.

Visitors in the I. W. Scott and D. R. Weaver homes were Rev. and Mrs. A. K. Scott of Fort Worth. Mr. Scott is a brother of I. W. Scott of Canyon, and of Mrs. J. F. Bradley of Amarillo. Mr. Scott will be remembered here by friends as pastor and builder of the First Christian Church some years ago. Building churches has been Mr. Scott's life work, and he has almost one hundred churches to his credit throughout Texas.

Mr. and Mrs. Kenneth Gibson of Spring Creek spent the week end with her mother, Mrs. C. H. Jarrett.

## Vital Election Will Be Held in County Saturday

All owners of property in Randall county which has been rendered for taxes will have a vote in the road bond election on next Saturday.

An effort is being made to get out all of the qualified voters in order that there shall be a representative expression of the opinion of the voters on this issue.

The election proposes that bonds in the amount of \$750,000 shall be issued for the purpose of building approximately 100 miles of farm-to-market roads. If the State Highway Commission approves the projects and assists Randall county in the building program, the state would contribute 25% of the cost of the road construction. In this case Randall county would not need to issue all of the \$750,000, or could add more roads to the construction program.

Only one public meeting has been held on the bond issue proposal. This meeting was in South Amarillo last Thursday night. At that time citizens of South Amarillo took a position definitely opposed to the bond issue and organized for the purpose of getting out a large protest vote against the bond issue. While South Amarillo has never taken much interest in Randall county elections, it may be possible that a heavy vote will be cast next Saturday. If this is the case and the majority against the bond issue is as heavy as indicated in the meeting, it will take a very large majority in other sections of the county to put over the bond issue.

Road bonds must be carried by a two-thirds majority, under the law. In other words, one opposition vote will offset two votes in favor of the bond issue.

Members of the Randall County Farm Bureau met in Canyon Saturday afternoon to go over the situation. These were the farmers who had devoted so much time to formulating plans for the bond issue. They reported that interest was increasing in the bond issue all over the county. The committee will make an effort to get out all qualified voters in order that there will be a large representation on the bond issue.

The News will gather the returns Saturday night, and urges that every election judge shall report as quickly as the polls close in order to secure the final results of the election.

## Mrs. Silas Hart's Father Dies After Ten-days Illness

J. T. Lawrence, 79 years old, father of Mrs. Silas Hart died September 18 at his home in Leuders, Texas, following a ten days serious illness.

Mrs. Hart had been at his bedside for several days and had returned home on Tuesday when he seemed much improved. His condition became worse Wednesday and she was called back. Her son-in-law, Pat Simmons, took her back to Leuders, arriving there several hours before her father died.

Otto Samuelson took Mr. Hart, Mrs. Simmons and baby to the funeral on Friday.

Mr. Lawrence was buried in Leuders where he had lived for the past 41 years.

He is survived by eight children. All children, grandchildren and great-grandchildren except Captain Fred Hart, who is in Germany, were able to attend the funeral.

## Many to Attend Tri-State Fair On Canyon Day

Many local citizens are planning to observe Canyon Day Friday by attending the Tri-State Fair in Amarillo. Delbert Lowes, president of the Chamber of Commerce, after conferring with local merchants, stated that business houses will not be closed that day.

Students of Canyon Public Schools will be dismissed at noon Friday, according to Superintendent E. A. Wooten, and will have the remainder of the day to visit the fair.

Monday was West Texas State College Day, and the Buffalo Band participated in the Tri-State Fair announcement parade.

Mr. and Mrs. Jay Hunter will return to Amarillo Friday night after having attended Floral School in Denver, Colo. Mr. Hunter will be connected with the Freeman Floral Company in Amarillo.

Mr. and Mrs. William Roberts of Abilene, Kansas spent Wednesday in the Ed Phillips home.

# Editorials

## VOTE NEXT SATURDAY.

Saturday, September 27 is the day on which voters in Randall county will decide whether or not they wish to bond themselves for the purpose of building farm-to-market roads.

During the past month, the News has attempted to give the voters a fair and impartial picture of the road situation in Randall county. We have not advised the voters to either vote for or against the \$750,000 bond issue. Frankly, we have assumed the position that each property owner has a sufficient amount of judgment to know whether or not he wished to pay his proportionate part of this bond issue. Since these bonds will likely be paid out of the pockets of the people of Randall county, they are the ones who must pass judgment on the merits of the issue.

According to the map which has been published of the proposed road system, we think that members of the Randall County Farm Bureau have done a fine job in distributing the proposed bond money over the county in order to secure the greatest benefit. The entire project has been in the hands of the Randall County Farm Bureau, farmers who will use the roads the most. There has never been a thought of politics in the distribution of the proposed funds, and farmers from no part of the county have attempted to "hog" an unjust or unreasonable amount of the bond issue. These men have been fair in every respect, and congratulations are due them.

The only fault of the map as published is that it does not seem to show the proposed road which runs south from Umbarger to the county line. Readers should keep in mind the fact that the State Highway Commission has promised a farm-to-market road running from Anton to Umbarger. The road is designated, thanks to the efforts of County Commissioner Clarence Beckman of Precinct No. 2. When will it be built? No one knows. The state sometimes acts slowly and runs months or years behind time. The News has no doubt that it will eventually be built, at the expense, except for the matter of right-of-way. But this road could not be shown either as a paved highway, or a proposed highway under the bond issue. Therefore, it is not shown at all on the improvement map. It is just one of those things which is hard to explain.

We do not believe that there is a single individual in Randall county who will argue against a good road system, or the need of more paved highways. We are convinced that every farmer and land owner in the county would like to have a paved highway from his farm to market. But it will be years before this may be accomplished. It takes money, great sums of money, to build highways. The only source of raising money is from the pockets of the taxpayers of the county.

Judging from what has happened in other counties, the News is pretty well convinced that if the bond issue is approved by the voters, and the Commissioners Court cooperates with the State Highway Commission in building this chain of roads that material aid will be received on the proposed system. This may be hopeful thinking, but from what has happened in other counties where such bond issues have been passed, the state has extended aid up to 25% of the cost of the construction. This is not a promise of state aid but merely an observation as to what might develop, according to the experience of other counties. The taxpayer of Randall county have been pretty quiet about this bond issue. As a matter of fact you can hardly get a farmer to express his opinion on the subject. He is going to express his opinion at the ballot box. Therefore, the News has no idea as to how the proposed bond issue will be accepted next Saturday.

One thing we are deeply interested in: We want to see a big vote cast in this special election on this very vital proposal.

Up in Potter county out of 8,000 voters, only 1,650 taxpayers went to the polls when a hospital bond issue

was affirmed. One out of five voters took the time to go and vote. This is clearly a rule of the minority, and is a reflection upon the interest and intelligence of the taxpayers. The News has been pleading with the voters of Randall county to express their opinion on September 27. Out of the qualified 2,500 voters of Randall county we should have a vote of not less than 2,000—which should be a very sizable vote for a county of this size. Will it be possible? The obligation is that of each and every voter to go to the polls. This is no time for George, or Pete, or Buck to do the voting. Since YOU are going to pay the bill, it is your job to do the voting.

Road bond issues are the only type of bonds which require a majority of two-thirds. Why is this the law? Don't ask us. It is just one of those things. A majority of the voters may favor such a bond issue, but that is not enough to put it over. It requires a two-thirds majority. Other types of bonds carry by a mere majority. This simply means that one vote in opposition to the road bond issue will offset two votes in favor of the bond issue. A minority is therefore able to defeat a road bond issue. Those who want to see the bonds carried therefore have an obligation to get out all of the possible voters who are in favor of the bond issue.

Let's vote on September 27. The issue is clearly up to the taxpayers of Randall county, and no one else.

Well, Well, Well, look what's happened to this poor old soul! No sooner was the News out last week in which the Newsman talked about the merits of newspaper advertising in opposition to the demerits of radio advertising, than we received a call from KQNC to appear in a broadcast with George Young next Sunday morning. Naturally Mr. Young is not going to allow us to discuss advertising, since his radio station is the biggest in the Panhandle and is preparing to be bigger and better with NBC programs. George is starting a new series of 8:00 o'clock Sunday morning broadcasts and has invited a number of country weekly publishers to appear with him on the program. The fact that the newsman has been on this job for more than 37 years and rates the "oldest" publisher in the north Panhandle section placed him as the No. 1 victim of George in his new series. At any rate, we are going to Amarillo Saturday afternoon and make the transcribed recording for the program. In years past we have talked over the mike, and often wondered what it sounded like. Next Sunday morning we shall hear ourselves—and we wonder what we shall hear!

When the officers fail to get the criminal, we cuss and rant and fume over the inefficiency of our peace department, and wonder what in blazes we keep such numb skulls in public offices to eat at the expense of the taxpayers. When the officers bring the criminal to justice we shed tears of remorse, and pity the poor devil and his family for being exposed to public scorn, and that he is caused to suffer the penalty of the law. What funny people we are after all!

We read that the economists of the nation are predicting all sorts of disaster because of the economic conditions of the nation. All of the real economists predict that the nation is riding to a fall unless we get some sense. That is not bothering the politicians one bit. This situation makes real political stuff. The Republicans are blaming Truman for being so wild; Henry Wallace is blaming Truman for being so conservative; and Truman declares himself.

Both Political parties are trying to rope in the war heroes for political purpose. Personally we think that this is a shame and disgrace to the American political body. Granted that military men would

## The Storm Before the Calm?

that everything is fine and rosy in the nation. Industry blames labor; labor blames industry; the buyers blame the manufacturers; the manufacturers pass the buck on the producers; the jobbers hike prices so that the retailers get it in the neck and have to stand the criticism of the consumers. This is the greatest game of buck passing the nation has witnessed since the disaster of the 20's when the bottom dropped out over night. The wise man is not going in debt under such conditions and is careful that he has resources which will carry him through the storm—if and when it hits.

Every taxing agency in the nation is calling for more taxes. That is nothing more than natural. As a matter of fact it cannot be otherwise. The taxpayer simply cannot expect the public officials to continue working for pre-war prices while living costs have increased. The public is expecting its government to give it more free services than ever before, but it is stingy in its support. The time has come when the government cannot get efficient workers and cannot give efficient services without a boost in taxes. That's a tragedy for the salaried man whose salary remains the same year in and year out, regardless of the cost of living.

The great American sport a few years ago was to cuss Hubert Hoover and blame him for the depression which hit the nation in 1929. All of us know that Hoover was not to blame for the depression. The American people brought on the depression through wild spending, just as we are doing today. Hoover is an authority on food control. President Truman used the benefit of Hoover's long study of the European food situation. While the Democrats used to be the feature critics of Hoover, the Republicans have joined hands in condemning the poor old boy who has probably been cussed for more things that he did not do than most of us are cussed for the things we do.

When we read what the government is taking from the big estates of the nation it makes us wonder what it profits a man to amass a great fortune and have Uncle Sam step in and take the works upon his death. This is another way of dividing the wealth of the nation, and the process is not painless.

Both Political parties are trying to rope in the war heroes for political purpose. Personally we think that this is a shame and disgrace to the American political body. Granted that military men would

make better public officials, the fact that these officers really were top notch military leaders does not guarantee that they know anything about public office affairs. Military men are bred for the military life, and think little of political life. Why then embarrass retiring military men by boosting them into public office, unless they have shown themselves to be adapted to such careers? We have the habit of electing most any sort of men to public office, largely through prejudice of their opponents. The biggest failures in American politics have been men trained for the military life.

We read that if Russia is kicked out of the United Nations, or withdrawn because she cannot get along with our policy, that it will mean a divided world. Divided—in a pig's eye—just what is the condition now? We sit across the table from Russia; she knows our plans and what we are trying to accomplish; and she throws the monkey wrench into every thing that we try to accomplish. Is that what you call unity of purpose? Are we getting any place with Russia using the veto on all important measures? We just wonder.

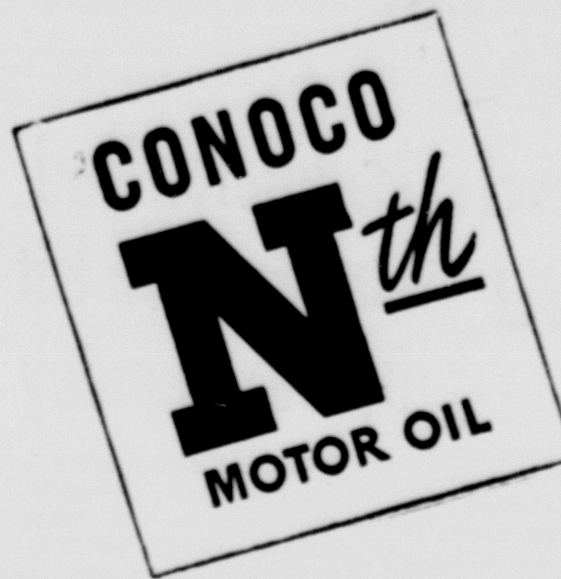

In order to conserve the meat supply of the nation, hotels and cafes are talking about instigating two meatless days per week. Well, that will not hurt anyone. As a matter of fact most people eat more meat than is really good for them.

DELIVERY SERVICE

Call 229 or see us at West End of 8th Avenue

Have you  
pushed this  
button?

Want to start your car? Want an elevator to go up or down? Want clothes or dishes to wash themselves?

Today, if you're lucky, you just push a button and get what you want automatically!

Want a home of your own? Want a college education for your children? Want a cash reserve for emergencies, and enough money for a happy, secure old age?

Today, if you're smart, you can save money the same way, automatically!

Once you push the button that starts you buying U. S. Savings Bonds regularly—on the Payroll Savings Plan or the new Bond-A-Month Plan—you're set for automatic saving!

All you have to do is sit back and watch the Bonds pile up. And what a pleasant sight that is!

Especially when you figure that every \$75 Bond you put away today will be worth \$100 in just 10 years.

How do you "push the button" to get started?

Well, if you're on a payroll, see your employer about signing up for the Payroll Plan.

If you're not on a payroll, but have a checking account, ask your bank about the Bond-A-Month Plan.

They're the safest, surest, easiest ways to reach financial independence that anyone ever saw.

And, best of all, they help keep your country financially sound at the same time they are helping you to save more by saving automatically!

Save the easy, automatic way—with U.S. Savings Bonds

## HARDEN & HEATH

The Invisible Man Is Out, Garrison Says

By Col. Homer Garrison, Director  
Department of Public Safety

Fix your lights so that you can be seen by the other fellow and your brakes so that you can stop, and you'll be all right under the new

traffic law, which went into effect Sept. 5.

You must have two burning headlamps and a burning red tail light. The only thing which every motorist has to have after January 1, 1948, which he may not have now is a little white light over the rear license plate. Formerly, reflectors were enough on trailers of all kinds, but after Jan. 1 a burning red tail light is required for any vehicle whatsoever on the road. Trucks and

buses under 80 inches wide must have in addition to other lights a stop light and two red reflectors on the rear.

Trucks or busses over 80 inches wide or having an actual or registered gross weight in excess of 3,000 pounds must have the following lights besides the headlamps, tail light, license plate, stop light, and two red reflectors: amber clearance light at front outermost top corner on each

side red clearance light at back outermost top corner on each side red side marker near rear on each side amber side marker near front on each side amber side lamp near front on each side red side lamp near back on each side

When disabled upon the highway, all types of trucks, busses, and trailers

must have three properly spaced warning devices such as pot flares, electric lanterns, etc.

All brakes, must be capable of stopping the vehicle going 20 miles per hour within a distance of 30 feet on a smooth, level surface and must be maintained in good working order so as to be applied evenly on all wheels. Any type trailer having an actual or registered gross weight in excess of 3,000 pounds must have a separate set of brakes

thereon.

California is heading for a bloody gang war that will make the Capone era in Chicago look like a garden tea party. Gamblers, racketeers and blackmailers, attracted by the lush life of Hollywood, are streaming into California. They are striving to seize control of the state police force and already are entrenched with some state authorities. — Sen. Sheridan Downey (D.-Cal.)

Domestic help, like the bison and button-shoes, has all but vanished from the American scene. Only a few hardy survivors remain. To hire one of them all you need to do is respectfully kiss her hand and pawn the family jewels to pay her wages. —Felix Mendelsohn Jr., author.

Henry Wallace proposes to cross American and Russian strawberries. The Soviet berry will probably yell "Veto!"

Series of Parties  
Honors Miss  
Carolyn Black

Introducing a series of parties to honor Miss Carolyn Black, bride-elect of Mr. Louis Henders, Mrs. S. L. Ingham, Mrs. C. R. Burrow and Mrs. R. A. Neblett were hostesses at a tea Wednesday afternoon, September 17, from 4 to 5 o'clock in the spacious R. A. Neblett home.

Mrs. Neblett, Miss Black and her mother, Mrs. W. C. Black, greeted the guests.

An assortment of fall flowers were used to decorate the entertainment rooms.

The lace covered tea table was centered with a reflector banked with silver lace vine and clematis from which burned long slender pastel colored candles.

Mrs. Black presided at the silver tea service. Green moulded fruit salads, toasted cheese sandwiches, sand tarts and nuts were served.

The honoree was presented a gift by the hostesses.

Approximately 30 guests called during the hour.

In the home of Mrs. E. D. Harrell, Miss Black was honored with a miscellaneous shower, Thursday afternoon from 3:30 to 5:30 o'clock.

Mrs. Harrell presented the guests

to Miss Black, Mrs. W. C. Black and Mrs. Louis Henders, mother of the bridegroom-to-be.

Miss Black wore a gray crepe afternoon dress. Her corsage, presented by the hostesses, was of pink gardenias.

Mrs. Guy Harp presided at the guest book.

Miss Pearl Black, aunt of the bride-to-be, and Mrs. P. V. Winstead served coffee from a silver coffee service. The hand-made linen draped table was centered with white, blue, and pink asters in a crystal bowl flanked by tall white tapers in prism crystal candelabra. The chosen colors of the honoree were further carried out in ribbon sandwiches, decorated tinted cookies and mints which were served with the coffee and nuts.

A miniature bride standing on a gold framed reflector decorated with clematis formed the central decoration of the buffet.

In the livingroom and library where the gifts were on display beautiful bouquets of dahlias were attractively arranged.

During the entire afternoon Mrs. Newton Harrell played appropriate piano numbers.

Approximately sixty guests attended and twenty others sent gifts.

Hostesses for the shower were Mrs. D. A. Shirley, Mrs. Guy Harp, Mrs. Fred Standley, Mrs. Wes Klein-schmidt, Mrs. Newton Harrell, Mrs.

Frank R. Phillips, Mrs. Guy Tabor and Mrs. E. D. Harrell.

On Sunday evening twenty-four guests were seated for a dessert party to honor Miss Black in the home of Mrs. Dan Sanders.

Mrs. E. J. Cundiff and Mrs. Lee Foster, who were joint hostesses with Mrs. Sanders, Mrs. Sanders and Miss Black greeted the guests.

Linen covered four-some tables were centered with unusual bouquets of pink and white split carnations and flocked plumosus in small-table centerpiece vases of pastel pottery. The bouquets were tied with blue satin ribbons which rose in graceful folds to form an artistic part of the bouquet. In each group of flowers was a butterfly or humming bird made of sequin spangled maline, ombre gauze and velvet paper.

Icecream, topped with tinted whipped cream was served in daintily decorated meringue shells. Coffee and toasted pecans were accompaniments to the cream.

After dessert the guests were given recipe cards upon which to write favorite recipes. These were filed in a file box and presented to the honoree, together with a gift from the hostesses.

UMBARGER SENIOR 4-H  
CLUB ELECTION OFFICERS

The Umbarger Senior 4-H Club met with Miss Lou Ella Paterson on Thursday, September 18, in the High School. The Club was reorganized and elections held.

The following officers will serve for this year: President, Theresa Westhoff; vice president, Christine Friemel; secretary, Alice West-off; reporter, Teresa Grabber; council delegate, Sadie Higgins; song leader, Teresa Grabber; and clothing demonstrator, Anne Lindemann.

Teresa Grabber was chosen Gold Star candidate.

Lillian Grabber gave a report on her trip to Texas A & M.

NEW OFFICERS NAMED  
BY UMBARGER 4-H CLUB

Helen Westoff was named president when members of the Junior 4-H Club met in the Umbarger school, Sept. 18. Miss Lou Lila Patterson, home demonstration agent, was present for the program.

Other officers are: Betty Higgins, vice-president; Mary Janssen, secretary; Elizabeth Ann Beckman, reporter; Barbara Raef, council delegate; Catherine Koch, song leader; Betty Higgins, yard demonstrator; Catherine Koch, clothing demonstrator.

The next meeting will be Oct. 16 in the school.

EPISCOPAL GUILD MEETS  
TO ELECT NEW OFFICERS

All Saints Episcopal Guild met in the Little House of Fellowship Wednesday, Sept. 17, when new officers were elected. Mrs. George E. Clark was named president.

Other officers are: Vice-president, Mrs. Fred Jennings; secretary, Jane Darland; treasurer, Mrs. W. A. Parker; program chairman, Mrs. Donald B. Gragg; publicity chairman, Mrs. Charles L. Joyner.

Refreshments were served during the social hour.

Members present were: Mrs. Donald Gragg, Dr. Delilah Martin, Mrs. Charles Joyner, Mrs. Fred Jennings, Mrs. W. E. Parker, Mrs. E. W. Glenn, Mrs. George Clark, Miss Jane Darland, and Mrs. Al Hutton.

Next meeting will be Wednesday, October 1, at the Little House with Miss Darland as hostess.

MRS. JOHN ROBINSON  
IS JOWELL HOSTESS

Mrs. John Robinson was hostess to members of the Jowell Home Demonstration Club, Sept. 17. Roll call was answered with "remodeling or building our family is planning to do."

Miss Lou Ella Patterson, agent, gave a demonstration on glove making.

Refreshments of ice cream and cake were served to Mrs. W. F. Bonds, Mrs. Davis, Mrs. Eugene Bonds, Mrs. T. C. Gooch, Mrs. E. C. Robinson, Mrs. Edgar Robinson, Mrs. T. G. Bonds, Miss Patterson, and two guests, Mrs. Arent and Mrs. Prichard, and the hostess, Mrs. Robinson.

Next meeting will be in the home of Mrs. Barrett, Oct. 1, at 3 o'clock.

FAIRVIEW 4-H CLUB MEETS  
WITH SPONSOR FRIDAY

The Fairview 4-H Club met with their sponsor, Vesta Amerson, September 12.

Naomi Brian gave an interesting report on her trip to the Round-up. The following officers were elected for the coming year: President, Mickey Bryan; Vice president, Etta Jean Sharpes; secretary, Naomi Bryan; reporter, Annabel Schaeffer; song leader, Billy Bryan.

Saturday night when the Center-view H. D. Club gave away the bed-spread and sold ice cream, the Fairview 4-H Club sold cakes. They made \$37.02.

Mrs. Earl Bond of Stratford underwent an operation for appendicitis last Friday. Reports are that she is doing fine.

Billy Sternberg, Leonard Britt, Jack Neal Jennings and Levi Cole attended the Buffalo-Tulsa football game at Tulsa, Okla., Saturday night.

Claudine Foster, R. N., daughter of Mr. and Mrs. Mark Foster, who has recently completed her training at St. Anthony's Hospital is employed as a nurse in the Medical and Dental Clinic.

Episcopal Church  
Honors Couple  
At Reception

Members of All Saints Episcopal Church held a reception Sunday evening at 8 o'clock, in the Little House of Fellowship honoring Mr. and Mrs. Joseph Findley, who were married recently.

The house was decorated with seasonal flowers.

G. E. Clark showed color pictures during the evening, after which the honored couple was presented with a chrome coffee service by Charles L. Joyner, warden of the church, a gift from all the church members.

Punch, sandwiches and cookies were served from a lace covered table, centered with a silver punch bowl, flanked on either side by tall tapers in silver holders.

Mrs. Donald B. Gragg presided at the punch service.

MRS. J. H. BARTLETT HOSTESS  
TO THE PARK H. D. CLUB

The Park Home Demonstration Club met September 19, in the home of Mrs. J. H. Bartlett.

After a short business meeting, Miss Lou Ella Patterson gave an interesting demonstration on glove making.

Those present were Mrs. Tom Fletcher, Mrs. Ray Green, and Bambi and Miss Patterson, visitors; Mrs. J. V. Williams, Mrs. G. A. Colling, Mrs. Leonard Winters, Mrs. O. E. Sherer, Mrs. Flynn Winters, Mrs. Herrick Simon, Mrs. Bill Bishop, Mrs. O. E. Wineinger, Mrs. Frank Simon and the hostess, members.

There will be a Stanley Products party at the home of Mrs. J. V. Williams on October 14.

1925 BRIDGE CLUB MEETS  
WITH MRS. GEORGE NANCE

On Wednesday afternoon members and guests of the 1925 Bridge Club met in the ranch home of Mrs. George Nance.

Beautiful fall flowers decorated the entertainment rooms.

A delicious salad course was served at the social hour.

Guests for the afternoon were Mrs. Chas. Wilkerson, Mrs. R. S. Davis and Mrs. Hosea Foster.

Members present were Mrs. Hud Prichard, Mrs. Frank Phillips, Mrs. J. J. Walker, Mrs. J. L. Dufort, Mrs. Glenn Dowlen, Mrs. J. D. Barker, Mrs. Herschel Coffee, Mrs. J. M. White, Mrs. M. J. Newman, and the hostess.

Mrs. Fred Marshall, Mrs. John Jennings, Mrs. L. S. Johnston and Mrs. A. E. Wise left Monday for Galveston where they will represent the Ralph Club at the Home Demonstration Short Course. They will return Friday.

Mr. and Mrs. George F. Cox of Gainesville and Mr. and Mrs. A. T. Hart of Whitesboro are visiting in the home of Mrs. Pennie Cox and family and George R. Cox and family.

Mrs. Ruth Costley, who has been in Neblett Hospital for the past two weeks, was able to be removed to her home Monday afternoon.

Mrs. Jessie Reid is visiting in Amarillo this week.

Judge and Mrs. C. E. Hill of Dalt visited in the home of their daughter and family, Mr. and Mrs. Clay Cooper, Sunday.

Mr. and Mrs. Martin Phillips and George of Plainview visited in the parental Worth Jennings home Sunday.

## THE BELLHOP

I'm ready and willing and waiting,  
With my smile and my uniform  
splendid,

To do your command  
With a strong, helping hand.

(The palm only slightly extended)  
No, there's no one more friendly  
than I,  
Sir!

I'm eager as eager can be!  
There's no one more anxious  
to merit your thanks  
Than . . .

THAT one? That TRUNK there?  
Not me!

The size of the nation's liquor bill indicates that Americans don't save for a rainy day but for a wet night.

The price of tea, up 12c a pound wholesale, may boil higher. Importers explain: Production costs have doubled on tea plantations; shipping costs to U. S. are up 90%.

Mother: "Daughter, that husband of yours smokes like a furnace."

Daughter: "Yes, and if you don't keep an eye on him he'll go out at night."

Customer: "Do you have another razor?"

Barber: "Yes, Why?"

Customer: "I want to defend myself."

Of the saviors of mankind there is no end. Here in a newspaper are articles with full directions for stopping inflation, athlete's foot and Russia.

A man in the insane asylum was fishing over a flower bed. A visitor, wishing to be cheerful, asked "How many have you caught?"

"You're the ninth," was the reply.

National Park Service expects more than 26 million vacationers to visit the scenic spots this year—5 million more than last year and an all-time record.

"Won't you join me in a cup of coffee?"

"O. K., but you get in first."

Old Lady: "You don't chew tobacco, do you, little boy?"

Modern boy of ten: "No ma'am, but I can let you have a cigarette."

## Election Saturday

(Continued from page three)

tention that we now give to the State and National highways, to accommodate the long range tourist travel, could we not hope to check the present tendency to leave the farms around the small towns and rush pell-mell into the already overcrowded cities where more and more super-highway construction is made necessary.

Many of the modern conveniences we enjoy today were considered lux-

uries which we could not afford only a few years ago. We could not afford the first paved road from Canyon to Amarillo, yet it was built. The American way of life and standard of living has been built on the purchase of things we could not afford.

I can remember when automobiles were considered luxuries to be enjoyed by the idle rich man and were used mostly in town. I can also remember when some city dwellers in every small city in the country were opposed to street pav-

ing. They said the city could not afford to pave the streets. Today no city could afford to do without paving. There has always been those who have opposed progress in any form if it cost them any money. Most of them do not fail to take advantage of modern improvements when they are finally built. Sometimes those who are opposed to modern improvements delay progress in a community for years, sometimes only temporarily.

The proposed roads for Randall county are located so as to form the basis of a permanent network to which other roads can be added without changing the basic network pattern. They are located to fit the future traffic pattern regardless of present land ownership or residence of any voter. They are located so as to become the foundation of a long time road building program. No one on the committee was favored by the location of a road. No member of the committee proposed a road by his own farm.

If you think land located on or near a paved road is not worth more than land located farther away just ask some real estate agent the price of his listings along the paved roads. The significant thing is that he will likely have very few farms for sale along the paved roads. Paved roads in the farming communities of the county will increase the value of any business in town because there will be more cash customers who are not trying to sell out and leave the county.

The roads designated to be built total about 80 miles. Of course, this is not enough to satisfy a majority of voters or land owners. Not one mile was located to get an extra vote. This is a noble experiment in scientific community planning without regard to politics. The number of farm houses along a road is not the primary consideration for locating a permanent paved road. Rather the tons of food stuff to be hauled and the miles per day of service vehicles and other traffic patterns and the permanent good to the community should come first. A merchant's trade territory is not limited to the distance a team of horses can go in a day as in the old days but rather the merchant of today is interested in a system of roads that will allow his customers to come in from ever greater distances.

The amount of the bond issue should build more than the 80 miles. No one can tell how much more. It is understood that the balance will be used on the gaps most needed. One is from the intersection on Highway 60, north of the Santa Fe Station, north to the proposed Lake-side road. This would allow school buses from north and west and even those from northeast that go to the public school and avoid the main highway twice daily. Another gap

which is much needed is a similar road from the high school south to the Buffalo Lake road.

The proposed 80 miles of road runs along side of about 160 farms which is about one-fourth of the number of resident land owning farmers in the county. In other words these roads would touch about one out of every four farms in the county. They would touch only one out of every five farms owned by members of the committee.

The county has about 45 miles of Federal highway and about 26 miles of State highway. When the proposed 80 miles are built that will make a total of about 150 miles of road. If we count only one section of land on each side of the road we have 300 sections on the 150 miles. If we count the sections that touch within one mile from the road on each side we would have 600 sections out of the 900 in the county. If we take out the 60 or more rough sections in the Palo Duro Canyon country, we have left only a little over 200 sections or less than one-fourth of the farms in the county located more than two miles from pavement.

Consideration is being given to a State road from Memphis to Hereford to run along the South county line of Randall county four miles south of the Wayside road. This would take care of the farms south of the Wayside road. The Anson to Umbarger road takes care of the Southwest part of the county, besides giving the east part of Castro county and Lamb county a direct road to Canyon and Amarillo. A gap about 13 miles long would connect the northwest corner of the county and Oldham county with the corner of the Lakeside to Umbarger road and a direct route to the Canyon schools. Other gaps if time will allow.

## Boys Ranch Riders Will Perform at Rodeo on Sunday

Boys from Boys Ranch, Old Tascosa, will be featured performers in the amateur rodeo to be given Sunday afternoon at 2:30 o'clock, sponsored by the Canyon Roping Club at their arena on the highway south of town. About fifteen boys will participate in trick riding, trick roping and hurdle jumping.

These boys were trained for several weeks by Leonard Stroud, well known rodeo operator and performer. A group of nine and ten year old boys from Boys Ranch will ride bucking steers.

Any amateur roper may enter the calf roping contest, and the entrance fee will be \$5.00. First money in the contest will be \$50; second, \$35; third, \$25, and fourth, \$10. Mount money of \$1.00 and 50c will be paid to all local boys as well as entrants from Boys Ranch entering the contest.

All amateur riders and ropers are invited to enter the various contests, and anyone interested in contest riding is requested to contact members of the Roping Club at the arena Sunday morning.

Admission for the rodeo will be \$1.00 for adults and 50c for children to be paid at the gate.

## METHODIST SERVICES

Max Bellah will present an organ program in connection with the sermon and service, Sunday, Sept. 28, at the First Methodist Church.

Alice Pierce, who studied voice at the Amarillo Conservatory this summer will give two vocal solos.

## PRESBYTERIAN CHURCH

Rev. J. R. Sharp will preach at the 11 o'clock service at the Presbyterian church, Sunday, Sept. 28.

## MOTHER-IN-LAW CLUB MEET

The Mother-In-Law Club will meet on Thursday, Oct. 2, at 3 o'clock in the home of Mrs. J. W. Bourn, 1212 Fifth Avenue.

All members are urged to come in order that we may plan date for the visit to Boys Ranch.

H. S. Strain has returned home after a two weeks' trip to the west coast. He accompanied his daughter, Nancy, and her husband, Mr. and Mrs. Carmine Petruccione. They visited in San Diego with another daughter, Mr. and Mrs. G. H. Stough, the former Dorothy Strain. From there they traveled the northern route to Cheyenne, Wyo., the home of the Petrucciones.

J. T. Harp, son of Mr. and Mrs. Guy Harp, left last week for Athens, Ohio, where he will be enrolled as a graduate student in Ohio State, majoring in photography.

Rev. and Mrs. A. B. Haynes left Sunday for a vacation trip to Yellowstone Park and to visit Mrs. Haynes' brother in Montana.

Mr. and Mrs. E. F. Hicks of Borgers spent the week end in the parental Frank Hicks home.

Miss Katie Jones of Amarillo visited with Mrs. Milton Morris this week.

Mr. and Mrs. Floyd Young visited with his parents, Mr. and Mrs. E. E. Young, in Kress over the week end.

Mr. and Mrs. Lorenzo Wirt visited on the South Plains Sunday.

Mr. and Mrs. Lee Chandler, Earl McAtee and his daughter, Betty Jo of Sayre, Okla., spent Sunday in the parental W. H. McAtee home.

Help Keep Canyon Clean!

## Highland News

Farmers are cutting their feed and some is being baled that was too short to bind. Mr. Broadus is baling hay from the lake grass on his place. So with those having irrigation wells there is some feed in this community despite the very dry summer.

Mrs. Alfred Green, Jr., was honored with a lovely bridal shower last Friday afternoon at the home of Mrs. Clarence Kimball. Mrs. P. M. Elrod, Mrs. Alma Moore and Mrs. Orval Davis were co-hostess.

Mrs. J. L. Fulton had her aunt and sister and family from Kansas last week as house guests. Mr. and Mrs. Fulton and Joann returned to Kansas with them to visit their relatives there.

Mr. and Mrs. Carl Fuqua were dinner guests at the Tom Watson home last Tuesday evening.

Mr. and Mrs. Cretsinger are doing some remodeling at the cafe and plan to open for business this week.

Mrs. Cretsinger and Mrs. Temple Jarnigan left Friday to spend the week end at Bridgeport with her father who has been ill.

Mrs. Russell Jarnigan underwent an operation in an Amarillo hospital a week or so ago.

Mrs. Atchley from Borgers spent several days last week at the A. N. Atchley home.

Mr. and Mrs. L. E. Mason and Lee, and Mr. and Mrs. Bob Fulton had dinner in the Fulton home Thursday evening.

Mr. and Mrs. Carl Reeder and Mr. and Mrs. Paxton visited at the Geo. Cook home Saturday evening.

Mr. and Mrs. Paxton visited at the Fuqua home Sunday evening.

Bro. and Mrs. Arnold had Sunday dinner at the Ira Allred home.

Mrs. R. J. Sharp and Mrs. Sidney Sharp called on Mrs. Carl Fuqua Friday afternoon.

Miss Ada Mears of Vega visited her sister, Mrs. Sidney Sharp, Saturday.

The road going south from Wildorado to Dawn will soon be paved to the Deaf Smith county line.

The league soft ball game was played Thursday night and Wildorado won the pennant.

Mr. Whitaker has twenty-four signed up for his band at Wildorado school, so we are all looking forward and proud of the school band.

## 90th Birthday Dinner Given Frank Hurst

Frank Hurst celebrated his 90th birthday Sunday, Sept. 21, when his daughter, Mrs. W. T. Davis gave a birthday dinner honoring him. Mr. Hurst has been totally blind and an invalid for the past 10 years.

In December 1945 he was moved to Canyon from Weatherford, Texas, where he had made his home for many years.

Sunday he received many birthday presents and greetings.

A suitable dinner was enjoyed by a brother, A. L. Hurst of Olton; two grandsons of Amarillo, Billy Davis and family and D. R. Aiken, Jr., and family; a granddaughter and husband from Lubbock, Mr. and Mrs. Gerald Schantz; a cousin of Canyon, Mrs. Leslie Key and family, Mr. and Mrs. W. T. Davis and the honoree.

## FIRST CHRISTIAN CHURCH SERVICE

The Christian Church minister from Eastland, Weems S. Dykes, will preach at the First Christian Church, Canyon, Sunday morning at the 11:00 o'clock services. Church School is at 9:45 a. m.

## News In Canyon 25 Years Ago

(Taken from the files of the  
Randall County News of  
September 21, 1922)

The News received a threatening letter from the Ku Klux Klan because this newspaper has been fighting the organization. In the letter the Klan stated that it would soon control America. The letter was mailed from Amarillo, but indications were that it was written in Canyon. Several Canyon citizens received similar letters.

Rev. M. M. Beavers has been transferred from the Methodist Church in Hereford to become pastor of the local Methodist Church.

A long descriptive article was printed on the trip of the Canyon inspection committee which sought information regarding paving on natural foundation. The committee composed of Mayor J. D. Gamble, C. N. Harrison, T. C. Thompson, C. D. Lester and Clyde Warwick visited Stamford, Cisco, Ranger, Mineral Wells and Ft. Worth to view paving on natural foundation. The committee recommended unanimously that this type be adopted for Canyon because of the great saving in costs.

Supt. A. D. Payne announced 466 pupils enrolled in the public schools. The school board appointed a building committee and authorized it to proceed with plans for a new high school building. The committee is composed of G. G. Foster, R. P. Jarrett and Clyde Warwick.

Claude Newton Harrison made a hole-in-one at the local golf course, being the first member to make such a record.

The Methodist Conference auth-

orized a committee to select a site for a camp ground for the church. W. J. Flesher and Rev. M. M. Beavers represent the local Methodist church. The committee has visited several sites on the Palo Duro.

Company F was ordered home from Denison where it has been on guard duty for several months.

The 25th wedding anniversary of Mr. and Mrs. W. F. Heller was observed.

Dr. George Ingham has bought the interest of Dr. Moody in the dental business, and joined his father, Dr. S. L. Ingham, the firm name is Ingham & Ingham.

George E. B. Peddy has announced as an independent candidate for U. S. Senator from Texas to oppose Earle B. Mayfield, who was nominated over James E. Ferguson, by Klan support.

Pope Pius was given an automobile, the first time a Vatican official has owned a car.

President Harding vetoed the first bonus bill. The House overrode the veto, but the president was sustained by the Senate.

A daughter was born to Mr. and Mrs. E. W. Prichard.

A son was born to Mr. and Mrs. E. C. Prichard.

W. R. Stockett and Miss Agnes McGehee were married.

Americans are shocked at the bellicose tone of Herschel Johnson, our deputy U. N. delegate. He pounded the table and shouted, in effect, that the U. S. was prepared to fight alone, if necessary, to protect Greece. Johnson should be called on the carpet at once. We know of no recent enactment which transfers the nation's war-making powers from Congress to Mr. Johnson.—Morris Rubin, editor, "The Progressive."

## Rubber Tired Press Wheels for Wheat Drills---any make

Come in and see them. The price is attractive.

A few 4-wheel Trailers. A good wagon.

Only \$115.00 — without rubber.

## Canyon Imp. & Supply

John Deere Sales and Service

The majority of wage earners in manufacturing are currently making \$1 or more an hour for the first time in American history.—report, Institute of Life Insurance.

No casualty has so far been reported to have resulted from a consumer being hit by falling prices.

Wife: "Here's a riddle. What makes my life so miserable?"  
Husband: "You've got me."  
Wife: "That's right."

Jesse James did all right without the use of an automobile but think what the automobile dealers are doing without a gun.

# 1947 Silent Servel

## GREAT NEW GAS REFRIGERATOR... STORES A BUSHEL OF FROZEN FOODS

You can put up to sixty packages of frozen meats, fish, vegetables, fruits—even frozen cakes and pies—in the big Servel Frozen Food Locker. You'll save hours of marketing time—make every meal easier to get, more exciting to eat! And Servel's big ice trays hold plenty of sparkling ice cubes, easy to get at.

Two dew-action fresheners actually crisp up your garden vegetables, keep fruits fresh. And meats stay tender for days in the convenient Servel meat-keeper. Clear-across shelves give extra roominess, adjust to 11 different positions.

Best of all, there's no machinery in the famous Servel Gas Refrigerator. It's the different refrigerator without a single moving part in the freezing system. Instead of motors, valves, pistons and pumps, just a tiny gas flame does the work. As 2,000,000 happy owners know, "Servel stays silent, lasts longer." Stop in. See the wonderful new 1947 Servel now on display.

### Had Broken Neck 7 Months Before He Knew About It

PHOENIX, ARIZ.—B. C. Fox, 50, Arizona's director of fur conservation, learned that he's been running around with a broken neck for seven months.

Fox was injured last January during a beaver-trapping expedition. He spent three weeks in hospitals, and then returned to work trapping and transplanting beavers throughout the state.

But he suffered from headaches and "blackouts." When friends finally persuaded him to take a checkup, X-rays showed his neck had been broken.

Fox hopes to be back at beaver trapping next week after technicians have made a metal neck brace.

## 'Limbless' Vet Is Good Farmer

### Loss of Arms and Legs No Deterrent to This Ex-Soldier.

BIRMINGHAM, ALA. — World War II's only "basket case" started out a year ago to prove to himself that arms and legs are not essential to a farmer.

Fred Hensel, whose arms and legs were blown off by the Japs on Okinawa, admits that the battle on his farm at nearby Mt. Pinson is not won. But his neighbors won't.

**Neighbors Acclaim.**  
"I wouldn't have believed anyone, especially anyone with no farming experience, could do what he has," said his nearest neighbor. "He's got us coming to him for advice now. That boy goes ahead and does the things we only talk about doing."

What worries Fred is not the problem of tilling his soil with artificial legs and hooks for hands and arms. It is how to get his farm operating in the black.

Jefferson county farm agent points to Hensel's rich field of alfalfa as probably the best in the county. Fred cultivated this himself with a tractor specially equipped to be handled with hooks instead of hands. He also plans to harvest the hay soon with new machinery recently purchased, which is mainly the reason his farm is still in the red.

**Friends Help Out.**  
Hensel and his pretty wife, Jewell, came south last year looking for a dream farm while he was still a patient at an army hospital at Battle Creek, Mich.

With the donations from thousands of his friends, his pension check and his own savings, he bought the 143-acre chicken farm. They rebuilt the house into a model home.

Alfalfa is just part of his crop that he works with the help of his wife's brother, Glenn Carty. He also has corn, oats, lespedeza, vegetables, 40 head of cattle and 1,600 chickens. He plans to concentrate more on chickens when "the market gets right."

Bronzed and 30 pounds heavier, Hensel says he thrives on a full day's work, from sunup to sunset. And he says he has no intention of giving up his favorite sports, hunting and fishing.

Right now he is spending his spare time equipping a new shotgun to fit his armless body for the fall squirrel and quail seasons.

## \$1,000,000 in Bogus Bills Picked Off Desert Trees

LAS VEGAS, NEV.—A new tourist attraction was added to the scenic wonders of southern Nevada and Utah—money growing on trees.

The money—more than one million dollars in \$10 bills—was discovered between here and St. George, Utah, by a truck driver. Unfortunately, from the Chamber of Commerce viewpoint, it was all counterfeit.

The bogus bills were found scattered over a 20-mile area. It was believed a strong windstorm uncovered the cache and sent the bills whirling through the desert, dotting trees and brush with the crisp greenbacks.

Las Vegas police saw in the discovery of the bogus money some connection with the gangland slaying of Benjamin (Bugsy) Siegel in Beverly Hills, Calif. Siegel owned the luxurious Flamingo club here.

Police Capt. Ollie Stark felt that the "heat" generated by Siegel's slaying may have forced counterfeiters to hide their bills and delay the possible flooding of Nevada casinos with the bogus money.

Credit for discovering the bills and directing the attention of authorities to the find went to J. R. Bracken, Los Angeles truck driver, who walked into the police station here and presented Chief George Thompson with a sack containing \$100,000 in the spurious notes.

## United States to Maintain Flag on Mount Suribachi

TOKYO.—The army said that the American flag will continue to fly atop Mount Suribachi on Iwo Jima. Officers of the Marianas-Bonin command explained that it will be possible to maintain the flag on Mount Suribachi through use of a foot trail.

Rapid deterioration of the lone road to the historic mountain flagpole had made the customary jeep trip dangerous. Army officials had estimated necessary repairs to the roadway would cost \$100,000, which wasn't available.

## Devotion to Wedding Cake Causes Trouble for Driver

DETROIT.—Frank Suda's devotion to a piece of wedding cake cost him dearly.

Driving home from a wedding reception, he rescued a souvenir slice of cake as it began sliding off his car seat.

But in the meantime he lost control of his car and rammed into a hydrant, which cost him \$95 in repairs and a \$20 fine in traffic court.

He ruefully added that his car insurance had expired and he'd have to pay out another \$300 in repairs.

England has lost no time in giving India back to the Indians.

# You can't beat Mother Nature!

## The Crude Is The Answer To Phillips 66 Fine Motor Oils

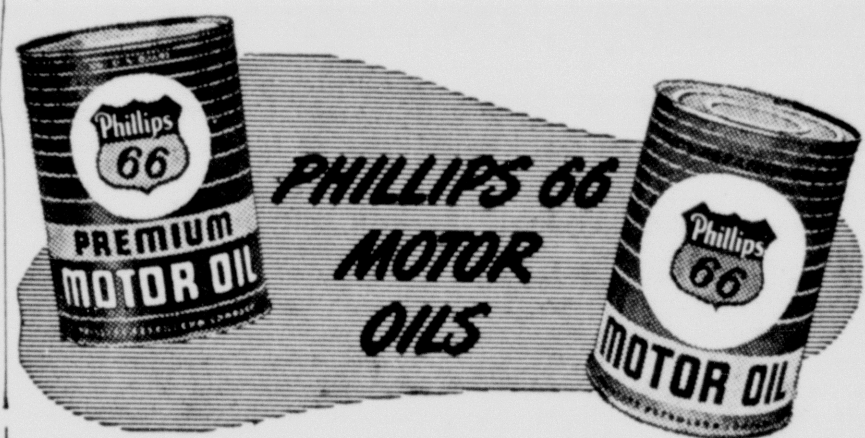

Mother Nature couldn't be beaten the day she made the Tiger Swallowtail butterfly—and she was doing a mighty fine job when she produced the crudes that go into Phillips 66 Motor Oils, too!

Then, Phillips special refining processes, Phillips practical skill and know-how, turned these exceptionally fine crudes into fine lubricants . . . lubricants that have what it takes to do an honest-to-goodness job of protecting your engine. Ask for Phillips 66 Motor Oil or Phillips 66 Premium Motor Oil.

Phillips 66 Motor Oil has made thousands and thousands of friends . . . and has chalked up an enviable record covering billions of miles of satisfactory performance!

Phillips 66 Premium Motor Oil is brand new! It cleans! It prevents bearing corrosion! It resists high temperatures and high pressures! In short, this oil is made especially for motorists who want something extra-special in lubrication.

You'll like them both . . . Phillips 66 and Phillips 66 Premium!

# CHOICE is the keynote of today's career

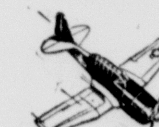

### Would you go to Europe, Japan or Korea?

Or would you stay near home? Any man who has had prior service in the Armed Forces may elect to do any of these things if he enlists in the Army now for 3 years or more. He can choose to be assigned directly to duty in Europe or with one of five famous Infantry divisions in the Far East. Or he may choose to be stationed near home for the first full year of his enlistment (where there are vacancies). Men with or without prior service may choose one of the famous combat divisions in Japan or Korea.

### Would you select a career in aviation?

This you can do, and be guaranteed the training you choose before you enlist! Only requirements beyond regular physical and mental examinations are that you be a high school graduate, or that you are in the Air Force and can qualify. It's today's great opportunity to write your own ticket in the Air Force.

### Would you want to learn to fly?

If you are single, 20 to 26 1/2, and have had two or more years of college education or the equivalent, you can become an Aviation Cadet with the U. S. Air Force. Nowhere else can you get better training, for nowhere else is aviation advancing as fast or as far as in our own Air Force.

### Would you go to a leadership school?

If you have qualities of leadership, would you want to develop them to their fullest? U. S. Army Leadership Schools are now selecting likely candidates from servicemen to take these valuable courses.

The Army and Air Force are doing everything possible today to help each individual develop along the lines that he picks for himself. Army and Air Force training is thorough and take-home pay is better than most civilian jobs. Opportunities for advancement are wide open to every man in uniform. Make your choice today at your U. S. Army and Air Force Recruiting Station.

CAREERS WITH A FUTURE

## Fairview Breezes

It is still hot and dry in our vicinity.

We had a large crowd out for Sunday School Sunday morning.

Those attending the Randall County singing from our community were G. E. Wesley, Mr. and Mrs. E. W. Schaeffer and daughters, Fayerene and Anna Belle, Mr. and Mrs. Raford Shipman, Mr. and Mrs. J. W. Wesley, Ervin Wilson, Mr. and Mrs. A. E. Wise and Mary, the Misses Vesta and La Vinia Amerson and Florence Evans.

Miss Florence Evans spent the week end in the G. E. Wesley home. She is employed in a beauty parlor in Tulsa.

Mrs. G. E. Wesley and Mrs. Curley Myers entertained the Home Demonstration Club members and their families and some visitors with a weiner roast and watermelon feast Friday evening.

Fayerene Schaeffer visited in the parental E. W. Schaeffer home Friday and Saturday night.

Saturday night the Home Demonstration Club members sponsored an ice cream sale while the 4-H girls sold cake. During the evening a drawing was held and Conway Kirkundal won the tufted bed spread.

Mrs. E. A. Wise leaves for the short course at Galveston Monday afternoon.

Mr. and Mrs. Raford Shipman returned from Seymour Saturday afternoon.

Miss Hatfield of College Station will give a landscape demonstration

Tuesday in and near Canyon. Mrs. J. W. Wesley is elected to represent Centerville Home Demonstration Club.

Mr. and Mrs. H. H. Shipman visited Sunday in the H. Shipman and Ira Scribe homes.

Mr. and Mrs. Alvin Wesley accompanied by their daughters, Mrs. Harney Rogers and Mrs. Joe Lang left Tuesday to go to Temple where they will go through the clinic.

Mr. and Mrs. Harney Rogers and Mrs. Serena Bryan and Mr. and Mrs. T. J. Myers returned Monday of last week from Pagosa Springs where they took treatments and enjoyed fishing.

E. M. Wilson, Priest and Frank Rogers were disappointed in their irrigation well as there wasn't much water.

The E. W. Schaeffer and Alvin Wesley families are driving new Ford cars.

J. W. Wesley and E. W. Schaeffer accompanied the 4-H girls to a show Saturday night.

Charles Wilson visited Troye Wayne Sharpes Saturday night and Sunday.

Mary Wise entered West Texas State at Canyon last Tuesday.

Mrs. Doris Gillham moved to Canyon the past week for the benefit of the schools as she has three daughters of school age.

Delegates elected to go to the Baptist Conference were Mrs. G. E. Wesley, Misses Vesta and La Vinia Amerson.

Mr. and Mrs. Alfred Hamblen also moved to Canyon for the schools.

## Palo Duro News

Mr. and Mrs. Uil C. Gunter and family visited with Mr. and Mrs. Beal Jackson and Jerry Wayne in Plainview Sunday.

Visitors in the Fred Schutte home Sunday were Misses Norma Meyer and Helen Schuette of Amarillo, and Mr. and Mrs. Bill Schuette of Canyon.

Mr. and Mrs. Henry F. Miller and Betty were dinner guests in the Albert Meyer home Sunday. Mrs. Henry Meyer celebrated her sixty-seventh birthday.

Mr. and Mrs. George Albers visited with Mr. and Mrs. Edward Otting in Amarillo Sunday.

Mrs. J. C. McClendon and Evelyn have returned home after visiting with their daughter and sister, Mrs. Robert Miller in Dallas.

Mrs. Beulah Watson is visiting in the Gunter home enroute to her new home in Shamrock.

Mr. and Mrs. Allan Albers have moved to their home near Clayton, New Mexico.

Battle - cry of the hay fever league: "Sic September Tyrannis."

## Sunny Hill News

Still dry and windy.

Those attending the fair Monday from this community were: Mr. and Mrs. Persons, Mr. and Mrs. S. L. Robinson, Mr. and Mrs. Orva Henry and children, Mrs. R. N. Henry and Authur, Cecil Henry and boys, Mr. and Mrs. R. B. Gist, Mrs. R. B. Elliot and children, Mr. and Mrs. Alvis Sykes and children, Mrs. Fanny Goodnight and Robert, Mrs. Ossie Prewett, Mrs. J. T. Sykes, Mr. and Mrs. Ralph Barclay and Phyllis.

Mrs. Eunice Timons and Mrs. Alma Berge of Amarillo visited Mrs. R. N. Henry Sunday night.

Mr. and Mrs. Clem Dugan called on the O. A. Smiths Sunday night. Mrs. Fanny Goodnight and Robert.

bert and Ossie Prewett called on the O. A. Smith family Sunday night.

The O. A. Smiths have their new home almost completed at last.

Johnnie Bewley visited Cecil Henry and boys Sunday night.

R. B. Gist, Jr., visited his parents over the week end.

## Jowell Items

Mrs. Si Elliott visited Mrs. Ira Scott near Hereford Thursday.

Mr. Virgil Chism and Mr. and Mrs. John H. Dietz and Dwight were guests of the G. A. Dietz Sunday.

Mr. and Mrs. W. F. Bonds and daughters visited Mr. and Mrs. J. T. Westfall Sunday.

Donald O'Brien and Tommy

Gooch had the misfortune of being in a motorcycle-car accident Sunday afternoon. Tommy received a broken leg and Donald escaped with cuts and bruises.

Delores Dietz visited Johnnie Fay Bonds Sunday evening.

Mr. and Mrs. Harry Green and children attended the Sing Song in Happy Sunday.

Mrs. Si Elliott visited Mrs. Ray Montgomery Monday afternoon.

We should not permit the public to forget that petroleum prices are still at the bottom of the commodity index. Petroleum products, minus tax, are the cheapest thing the American people are buying today—Walter S. Hallahan, chairman, National Petroleum Council.

## Wayside News

Rev. Chas. J. Eastes filled his regular appointment Sunday morning. His wife accompanied him and they were dinner guests in the W. C. McGehee home.

Mr. and Mrs. Dan L. Adams and Mr. and Mrs. Floyd Adams left the last of the week for Denver, Colo. to attend the wedding of a cousin, Miss Mercedes Small. She is the daughter of Mr. and Mrs. Milton Small, who formerly lived here. Mrs. Small will be remembered as Miss Alta Beasley.

The Lem Fisher and Oren Fisher families of Canyon attended church at Wayside Sunday morning.

Mr. and Mrs. Grady Franklin and son, Grady, of near Olton visited Sunday afternoon with his mother, Mrs. E. A. Franklin.

Mr. and Mrs. Willie Modisette and son, Royce, visited Sunday afternoon with Marvin Sluder in the hospital in Amarillo.

Marvin C. Sluder underwent a

very serious operation Sept. 13 for ruptured stomach in the Osteopathic hospital in Amarillo. We wish for him a speedy recovery.

Mrs. E. A. Franklin had as her guests last week Mrs. Leavy Jaeger

of Oakdale, Calif. and Mrs. Ruth Childress of South Plains. They are her daughters.

The high cost of living nationally and the high cost of giving internationally are in competition.

## Cousins Hall Girls Select Margaret Lair President

As a result of an election held Friday night, Margaret Lair, senior from Canyon, will serve Cousins Hall as president for the coming school year.

Other officers elected are: Kathryn Brooks, McLean, vice-presi-

dent; Martha Hanna, Stinnett, secretary-treasurer; Mary Jim Vincent, Amarillo, reporter; Norma Coker, Lubbock, social chairman; and Earlene Eustace, McLean, vesper chairman.

Every day something gets done that couldn't be done.

It would be folly to deny that here and there among subordinates under Gen. Lee's command in Italy there have been abuses. No one knows this better than the chaplains because they are usually the first to hear of them from the men. —Capt. Joseph W. Raune, Army chaplain.

Among forthcoming books still to be announced would be Tom Dewey's account of his nonpolitical travels with an ear to the ground, or seeing America sideways.

## Rheumatic Heart Disease Leads In Death of Children

Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever. Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once, and if he prescribes complete bed rest, his advice should be implicitly followed.

Yardley Agent

Did you hear of "dropping the pigeon"? Back in Memphis, Tenn., when I was a young reporter, "dropping the pigeon" was frequently reported to the police. How the name was derived, I don't know but it was a swindle in which the sharpsters and the victims were negroes. The scheme worked in this way.

A cotton picker, with his season's earnings, alighted from a train and as he entered the railroad station, a well-dressed negro perceived from the new arrival's clothes and his gawking at the sights that he was a greenhorn so he stepped forward and said, "Jedge Brown, when did you get to the city?" and then he said, "Ah begs yoah pa'don, suh, but you looks so much lak mah friend, Jedge Brown, de distinguished lawyah from Grenada dat Ah mistook you."

Of course, the rustic was flattered at having been mistaken for so distinguished a personage and then his new friend said, "Ah'm goin' to walk up town; ef you would care to accompany me, Ah'd be glad to point out de sights," an invitation which was accepted.

They had walked only a block or two when the city man stooped down quickly and picked up a billfold, then jerked his companion into a doorway, saying, "Let's git in heah befo' somebody sees whut we found." In the billfold was a fifty-dollar bill. "Huh, no name er address; we can't return it, so it's ouah's," said the finder. "You has brung me luck so we will split it." But he didn't have change. The visitor however produced \$25, so his friend pocketed this and handed him the fifty-dollar bill. A few minutes later, the finder of the billfold shook hands with him cordially and told him goodbye. When the country negro made a purchase, he learned that the bill was counterfeit. The billfold had of course been dropped by a confederate of the smooth talker.

During a trial for theft, the defendant suddenly changed his plea to guilty. The jury came back in a little while with a verdict of "Not guilty." The judge said, "But the defendant confessed." Pshaw, judge," replied the foreman, "we all know Bill and we know what a big liar he is."

Help Keep Canyon Clean!

## Enrollment Slides To Normal Level

Official Count Shows 1033 Registered Here Last Week

Near final reports on registration here last week showed a slump toward enrollment totals recorded in pre-war years.

Altogether, 1033 students have signed up for on-campus courses—a drop of almost 300 from the number who attended West Texas State during the last regular term. Totals are based on a report released from the office of Frank Morgan, acting registrar.

Although the freshman class is much smaller than that of 1946-47, the percentage of last year's freshmen who returned is a great deal larger than expected.

From 80 to 85 per cent of the freshmen enrolled in classes last semester are included in the present sophomore group," asserts Dr. A. K. Knott, dean of the lower division.

Approximately 575 ex-servicemen are attending classes here, according to Ted Reid, co-ordinator of veterans affairs.

Among the causes to which Pres. J. A. Hill attributes the decreased enrollment are:

1. Slacking up of the post-war rush on colleges.
2. New fees imposed upon out-of-state students.
3. Exceedingly high standards required of students who stay at Conner, Tierra Blanca and Palo Duro dormitories. Dean of Men Mitchell Jones estimates that he has refused entrance to at least 100 boys because of their unwillingness to comply with no-drinking, no-gambling regulations.
4. Inability to house married veterans.

## Dr. Hill Outlines Plan to Complete Chapel This Year

By the end of his administration next August 31, Pres. J. A. Hill hopes to have completed work on the campus chapel, a project which would furnish a worship center for students of all denomination.

Of the 40 to 45 thousand needed before construction is begun, over \$30,000 already has been contributed.

With the arrival next January of Dr. James P. Cornette, executive vice-president and president-elect, Dr. Hill plans to have more time to devote to the chapel program. He intends to let the contract for the building about March 1.

## TURNING SOUR GAS

## INTO A Mighty INDUSTRY

Carbon black produced in the area we serve dominates the industrial scene.

Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.

We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

## THE EAGLE'S TALE

### How About It?

Well, well, so school has started again. It is the same old building but it has a new smell and look about it. Yes, it is different. Mr. Hollibaugh and Mr. Stein have spent all summer cleaning and beautifying the halls, gyms, rooms, and the auditorium. Much time was also spent on the campus. The trees and shrubbery are in top condition. Our lawns are green and trim with some expansion to the north.

All in all, we have a great deal to be proud of. So let's all take pride in our school. Let's keep it neat and clean — clean enough that when we have visiting ball teams and other visitors that they will be impressed, and will always want to come back to see us and our pleasant surroundings.

Convenient containers have been placed in and around our building to aid in the disposal of waste material. Please cooperate and we shall have a more respected school!

### HIT THAT GOAL!

Have you, as a student of CHS, set a goal for the school year of 1947-48? Are you going to try to accomplish something really worthwhile?

Life is a very dull thing if you sit down and let it roll by — and that goes double for school. Don't wake up at the end of this year to find that you haven't done something you can be proud of in relation to your school subjects.

Opportunities will come your way for a great many things. Don't let them pass without attempting to better yourself on your grades. It is the wide-awake person who goes further in life, and who enjoys himself most.

Turn over a new leaf and give yourself a chance to learn new things. You will be glad you did it later on.

### Improvements Are Many and Varied

Follow the green line "Kiddies." Yes, as school begins a new semester, the summer leaves in its wake many changes. The little green stripe around the walls is not all that is new. Did you realize that the walls have been changed from yellow to white? Yes, and the fireboxes have a coat of red. That coat of blueish gray on the floors is also new. Old mirrors and towel racks are now replaced in all the rest rooms. The trophy cases have been rearranged, and the grass on the north side of the high school building is a new comer, also.

One change which all must have noticed, is the improvement in the auditorium; such as, the new compartments at the back which afford additional space for offices and storage. Pressed board has been installed below the apron of the stage, and in the footlight pit.

In the grade school, two new rooms have been added. One is for a bookroom, another is a room for children when they become ill at school. The gym floor has been varnished and the main entrance has been remodeled.

The luncheon room has a new air conditioner and the plumbing has been reworked with a few new fixtures.

### Fourth Grade Mothers Plan Aims and Methods of Work

One section of the fourth grade student's mothers, in response to an invitation issued by Mrs. L. M. Cousins, met with her last Thursday, September 18. The group sipped cold pops and discussed aims and hopes for the year, and the assisting of the students to adjust themselves to their new situation.

"I am highly pleased with the response of the mothers," states Mrs. Cousins, "and I feel that with their cooperation we shall have a most profitable year's work."

Mothers present are as follows: Mesdames Joe Carver, W. D. Giddens, J. E. Miller, Anton Hartman, J. H. Higginbotham, Lily McCarter, J. D. Pruett, R. S. Slagel, J. A. Taylor, M. J. Tucker, J. W. Hood, Walter Partridge, C. F. Rogers, J. Schoonenberger, C. B. Slomp, and Mrs. J. F. Wallen.

### Ag Entrants Win Firsts on Hogs

Two F. F. A. club members took first places in the livestock show, Monday at the Tri-State Fair.

Donald Davis won first and second places in light weight Poland China division, and Robert O'Donald won first in heavy weight Poland China division and grand champion barrow of the club show. These hogs were raised by the F. F. A. boys in the new hog improvement program.

The booth, a club project, which represented balanced livestock feeding, took tenth place out of a possible fifteen.

Jones and Richmond Hales made their usual showing of registered Holstein heifers.

### Grade Notes

"Due to the fact that no new members have been added to our faculty this year, I feel the grade school is off to a wonderful start," states Miss Elva Fronabarger, "and we deeply appreciate the cooperation of the parents and give them a pressing invitation to visit us anytime this year."

Mrs. T. W. Collins has 29 first grade students while Mrs. Mary Black has 24. Only 12 of these new pupils ride the bus.

James Kirk from Lynwood, California; Eugene Lundgreen, Amarillo; Letha Flowers, Hedley; and James Paul Funston, Reydon, Oklahoma are the only new students in Mrs. Roscoe Davis second grade.

Entering Mrs. Stella Murrell's second grade this year was Carlton Clark, Childress; Dwayne Charles Massey, Munday; Mariline Lundgreen, Amarillo; and Traver Tatham, Happy.

Three new pupils added to Mrs. Dan Usery's third grade were Annie Flowers, Hedley; Robert Henson, Amarillo; and Martin Ray Mills, Amarillo.

Mrs. Glen Dowlen's music room will be located in the grade school building this year.

Guy Ford, Sybel Welch and Patsy Tow, all from W. T., and Evangeline Morgan, Amarillo, were added to Mrs. Tom Brasher's classes.

On Thursday morning, Mrs. Mitchell Jones' fifth grade held its first class meeting. The following officers were elected: President, Jimmy Kuhlman; vice-president, Leroy Burrow; Secretary, June Davis; Reporter, Joe Dickerson; Room committee: Books, Jack McCormick; Floor, Delmar Yargan; Windows, David Brandon; Boards, Tommy Rose.

Only two new members enrolled in the fifth grade this year. They are Delmar Yargan, El Centro, California and Frank McKenny, Amarillo.

Mrs. Vearl Iverson, sixth grade teacher, has only one new pupil, Virginia Holt from W. T.

Entering in Mrs. John Davis' sixth grade last week were: Charles Miller, Aurora, Colorado; Stewart W. Hamblen, Floyd, New Mexico; Lila Mae Hunter, W. T. and Eugene Daily, Hereford.

New in Mrs. Andy Walsh's fifth grade are: Mona Beth Gilham, Happy; Levon Jackson, San Bernardino, California; and Peggy Lundgreen, Amarillo.

The enrollment in the grade school during the first week amounted to a high of 333.

### Tom Gooch, Freshman, Suffers Broken Leg in Wreck, Sunday

Tommy Gooch, freshman student of Canyon High School, is in Neb-Jett Hospital suffering from a double fracture of his right leg received in a motorcycle-automobile collision, Sunday afternoon near the Roping Club grounds on the Canyon-Happy highway.

Tom and an out of town friend, Donald O'Brien, were riding double on a motorcycle behind a car which they were attempting to pass. When the driver of the car gave a wrong signal, they crashed broadside into

Amarillo, Texas, Ph. 27332

### Mr. James E. Miller Takes Over High School's Principal Duties

Mr. James E. Miller

May we introduce, Mr. James E. Miller, new principal of Canyon High School!

Mr. Miller has attended John Tarleton College at Stephenville, Texas and holds a Master's Degree from Texas Technological College, Lubbock. He taught for fourteen years in the Hale Center schools, where he was principal for four years and served as superintendent for ten years.

Prior to his coming to Canyon, Mr. Miller worked in the Technical Training Command of the U. S. Army Air Forces. He entered this work at Amarillo Field where he served for three and one-half years, then was transferred to Lowry Field, Denver, Colorado. He finished his work there, April 4, 1947.

Mr. and Mrs. Miller and their three sons, James, Charles, and Ralph moved from Denver during the summer and now reside at 2109 Eighth Avenue.

"It has been a pleasure to work with the Canyon High School faculty and student body during my first two weeks in the school. The students demonstrate a genuine interest in their school work and general problems. Faculty members have a keen interest in the welfare of both school and community affairs. These qualities point to a successful school term," states Mr. Miller.

### Sixty-one Names Top Last Year's Enrollment List

Enrollment of the entire student body now stands at 327 exceeding last year's record of 266.

New students enrolled are as follows: Tommy Hunter, W. T.; Eula Mae McCater, Bowie; Jack Sparks, Amarillo; Horace Carter, W. T.; Carol Hamblen, Floyd, New Mexico; Julia Beason, Panhandle; Barbara Dooley, W. T.; Wayne Griffin, W. T.; Dean Hinson, Amarillo; Troy Thurman, W. T.; Helen Borden, Amarillo; Marion June Chain, Duncan; and Iva Wilson Cook, Fernwood.

Nelda Jo Gillham, Happy; Mary Ann Hinson, Amarillo; Rowena Funston, Reydon, Oklahoma; Howard Walter Duane, Amarillo; Francis Litsch, California; James Wilson Miller, Aurora; Harold Wayne Price, Amarillo; Billy Wayne Sparks, Amarillo; Shirley Janice Yargan, California; Virginia Rigby, Amarillo; Larry Sanford, W. T.; Cecil Campbell, W. T.; William Henry Hamblen, Floyd, New Mexico; Billy Ray Hand, Amarillo; and Dyane Hand, Amarillo.

Donald McDonald, W. T.; Guy Hamblen, Floyd, New Mexico; Carlene Rogers, Happy; Lynndell Dawson, Medera, California; Ida Fern Lundgreen, Amarillo; Leland Moore, Gramham; Kay Witt, Washington, California; Edward Bednorz, Bushland; and Jean Prince formerly of Canyon; Alvy King, Portales, New Mexico; Billy Thompson, Amarillo.

the car with serious results for Tom and minor facial cuts for Donald. It is feared that it will be some time before Tom will be able to resume his school work.

### Mrs. Frances Lloyd Will Be Secretary for Mr. Wooten

Mrs. Frances Lloyd, new secretary for Superintendent Elmer A. Wooten, comes to Canyon High from Floydada where she taught commercial work and also sponsored the school pep squad. Mrs. Lloyd is a 1946 graduate of Baylor University, Waco. Her husband, Fred Lloyd, is enrolled as a sophomore at West Texas State College.

Mrs. Lloyd is replacing Miss Dorothy Scott, who is attending West Texas State where she is a second semester junior. Miss Scott was graduated from Canyon High School with the class of '45, and has been employed in the school office since August 20.

Bolts will not hold a political party together.

Orchids to Mr. C. W. Cox who, last week, brought an armful of his fine dahlias to decorate the high school teachers desks!

### New Policies Are Made for Year

In the first assembly of the year Superintendent E. A. Wooten introduced the members of the high school faculty to the student body and changed the seating arrangement of the high school groups by moving them back one seat in order to keep the first row of seats for visitors.

Principal James E. Miller, who took charge of the latter part of the session announced the following policies for the year:

Students will omit chewing gum during classes and on the school campus.

Long telephone conversations on the office telephones are to be discouraged.

Students are to report to classes upon reaching school grounds and are not to loiter in the halls between bells, but they may attend Morning Watch if they choose.

Students were instructed to pick up absentee slips at the office beginning Wednesday after school started. Three points will be taken off for unexcused tardies, the same as last year.

Files are reorganized and are to be kept intact in the office of the principal.

Students are requested to refrain from riding bicycles back and forth in the street in front of the school building since this practice is extremely dangerous.

Pupils are reminded that the dismissal bell is a signal to the teachers for dismissal.

Mr. Miller states, "We fully appreciate the cooperation of the entire student body, and feel that each one is practicing the art of good school citizenship."

### Students Receive New Textbooks

To open the 1947-48 school year Canyon High School purchased a large number of new textbooks.

"Elements of Chemistry" by Brown Lee which contains some of the latest facts of chemistry, is one of the new groups of books obtained.

Agriculture Departments received "Farm Managements" by Robertson, "Poultry Enterprises" by Dickerson, "Field Crops" by Alexander, "Raising Livestock" by Walter H. Peters, and "Dairy Farming in the South" by Roy H. Thomas.

The Homemaking girls will be studying the books, "Art in the Home" and "Dress" by Trilling-Nicklaus and "Girl in Her Home" by Trilling-Williams.

"Music — The Universal Language" by McConathy was provided for the music department.

### Lunchroom Employs Last Year's Staff

Serving approximately 350 students a day, the C. H. S. lunchroom began operations Tuesday, September 19, 1947.

Mrs. J. H. Lisle is again manager and has the same four employees she had last year: Mrs. Gene Peppard, Mrs. Leatha Lehnick, Mrs. Carl Laughery and Mrs. W. M. Dickerson.

Monthly meal tickets are sold for \$4.70, while the weekly tickets are sold for \$1.25, each meal being \$25.

Howdy Kids,

Well, school has been out for one whole summer and I just know by those eager looks on your faces that you were very anxious to get back into the swing of things. (Good pep talk, eh kids?) Anyway I know you are dying to hear the latest gossip. Sooooo! lend me your eyes.

Boy that new guy from WT, Horace Carter, really gets around. Rumor has it that Bobby Jean Ford is wearing his basketball, but tell me, Bobby, where does Paul Webb of Tulsa fit in?

I hear Francis Standley, Malcolm Gunter, and old ex of Canyon High, Sue Ann Colwell, and "Hoss" Inman had an enjoyable evening listening to the Bufts football game last Saturday night.

It seems Martha Jean Ament is having a very hard time making up her mind as to which boy she wants to go with. Well, Martha Jean, which is it going to be — Lynn Scott or Bill Phillips?

Wayne Griffin and Lorayne Carter enjoyed a gay ole evening viewing the picture show Saturday night, so the birdie said!

What's this I hear about the twins going steady? Wonder who the lucky guys are! (Couldn't wriggle that out of them.)

Jimmy Crawford is OK!! Isn't he, Dorothy Butler?

A new twosome seen about town Saturday night was June Jennings and Jack Ratjen, that tall guy from Happy.

Now don't tell anybody this, but I heard that Dick Barrett and Letha Harwood are just CRAZY about each other.

Max Bellah and Sue Ann Colwell seem to be "hitting it off right!" Wonder if Max's new loud, yellow, special deluxe, Plymouth convertible has anything to do with it!

Wonder why three certain girls were seen hiding in an alley behind some trees Sunday afternoon. Was it because of three boys? Or the costume hats worn by the girls? Or both?

### SENIOR PERSONALITY

Name: Rita "Maude" Gunter.

Favorites:

Food: Cherry Pie

Drink: Chocolate malt

Actor: Tyrone Power

Actress: Maureen O'Hara

Ambition: To be an artist

Sport: Football

Pastime: Eating

Pet Peeve: Kraut and wienies

(for lunch!!)

Boyfriend: Ha!!

Color: White

Song: Anniversary Song

Personals:

Color of eyes: Green

Color of hair: Blonde

Weight: 119

Height: 5' 7"

Shoe size: 7

Miss Gracie Aaron, girls basketball and volley ball coach of Canyon High during the past two years, visited the girls last Monday afternoon.

Boss: "I had to fire my new stenographer."

Clerk: "Didn't she have any experience?"

Boss: "None at all. I told her to sit down and she looked around for a chair."

The Canyon High School student body and faculty members wish to express their deepest sympathy to Frankie Sneed upon the death of her father.

### Mrs. A. B. Holt Will Supervise Morning Watch

Morning Watch, a devotional service for students of all denominations at Canyon High School, began its regular program Tuesday of last week at 8:30 a. m. in the auditorium with Mr. A. B. Holt giving the devotional on popularity and what it means to students as individuals.

The meetings, held each morning, usually last about twenty minutes and consist of the singing of hymns, offering of prayer, Scriptural readings, and stories tending to offer spiritual inspiration.

Organized last spring by young people of the Baptist church, the Morning Watch has been well attended and interest is increasing daily as students become better acquainted with the aims of the program.

Officers for the year are: Sponsor, Mrs. A. B. Holt; Presiding officer, Marvin Fite; Program committee, Billie Marie Money, Donnell Ruthart, Betty Thomson, Bryce Slack, Guy Brant; Secretarial committee, Suzanne Stephenson, June Long, Max Bellah, Rebecca Irvine; Publicity committee, Jean Hill, Martha Wilson; Pianists Sara Jane Martin, Merle Bullard; Song leader, Opal Joyce Brant.

Speakers for the coming week will be: Friday, Marvin Fite; Monday, Reverend P. E. Streetman of Minola, Texas; Tuesday, Mrs. John Davis; Wednesday, Dr. Roy L. Johnson; Thursday, Suzanne Stephenson.

### CHS Board Adds New Teachers

Four new members have been added to the faculty of Canyon High School for the coming year.

Mrs. Perry Bell, who is teaching Home Economics, comes from Elizabethton, Tennessee, where she was a member of the Junior High School in Amarillo. She studied at Baylor University and Texas Tech.

Plane Geometry, Chemistry, General Science, and Boys' Physical Education is being taught by Mr. M. K. Young. He received his degree from McMurry College and is teaching for the first time.

Miss Paula Frazier, a graduate of Waco High and a student at West Texas State, is teaching Girls' Physical Education in the afternoon.

Instructor of American History, Eighth Grade Math, and Assistant Coach is Mr. Wesley Cox. He has a degree from Abilene Christian College.

Pencils bearing the Eagle football schedule are now on sale at Price's Store across the street from the high school. Also T-shirts with an Eagle and "Eagles" printed on them are being sold at Jennings' Men's Store.

This is the first time in a number of years Canyon High has had anything of this sort.

### Linesmen Back-up Touchdown Runs

With a roaring comeback victory of 25-0 over the Price Cardinals, the Eagles soothed the memory of last week's defeat at the hands of the Muleshoe Yellowjackets.

After battling in an evenly matched first quarter, Tommy Hunter, fullback, plunged 9 yards for the first touchdown early in the second period to start the victory ball rolling.

Price pushed its way to the 21 yard line for the only real threat of the game at the end of the second quarter.

The Cardinals received a penalty of five yards which forced them to kick. Lee Bailey took the pigskin on his own 35 yard line to gallop 10 yards to the 45. Following a fumble by Bailey, the Eagles kicked from Price's 39 over the goal line. The Redbirds lost the ball on their 21 yard line. The Eagles then took to the air in the closing minutes of the second quarter, but failed to connect with passes.

### Second Half

Opening the second half Price kicked to Canyon's 30 yard line. The CHS gridsters slipped down the field to the 39. Hunter rambled eight yards to his own forty-six. Carter attempted a pass, but was hit before the ball left his hands. A kick was then sent to the Cardinal's 15 yard stripe. Price battled down the field for a few short gains, but was stopped when they received a penalty of 5 yards. Price kicked to Horace Carter who returned to the 50 yard line from his own 46.

The Eagles gained only 10 yards before receiving a penalty of 5 yards. The ball was then kicked out of bounds from the Cardinal's 45. Price took the ball to fight its way down to their own 40 yard stripe. The Amarillo team then attempted to pass, left end, Austell Burrus, dashed in to intercept the pigskin on the 40 from which the Eagles drove towards Price's goal line.

The Cardinals received a penalty of 15 yards, and Bailey, covered by the line, hit paydirt by running nine yards for a second touchdown. Hunter made the extra point count, leaving the score 13-0.

Price then failed to make any gains. Bailey received Price's kick, carrying it 8 yards to his own 38 yard line.

### Burrus Scores

Failing to make a first down, James Inman booted the pigskin to Price's 30 where they retallied for 20 yards to the 50 yard line. The Cardinals attempted to pass, when Austell Burrus intercepted to go for a 50 yard jaunt behind stiff Eagle interference into the end zone for six points. Try for the extra point failed.

The Cards came back into the game for a few minutes, but failed to get their machine rolling. Canyon took over on Price's 36, and James Inman completed a pass to Horace Carter who sped 38 yards for the fourth and final touchdown. The kick by Hunter was no good.

In the closing seconds of the game, Horace Carter snatched one of Price's attempted passes to romp 19 yards before he was downed by a desperate group of red-clad's.

As the final whistle blew the score stood 25-0.

Tourists and Visitors of Canyon are cordially welcome to

## Buffaloes Show Surprising Power In Scoring on Tulsa Hurricanes

West Texas State's Buffaloes surprised everyone Saturday night as they held the reputedly powerful Tulsa University Hurricanes to a 26-13 victory at Skelly Stadium in Tulsa in the opening game for both teams. The game was constantly hindered by driving rain which made the ball and ground slippery. Coach Buddy Brothers of the Hurricanes said he could find no alibi for the game except that the Buffaloes just came up there ready to meet any power the Tulsans had to offer. He complimented West Texas' Coach Frank Kimbrough by saying the Buffaloes were in good condition and had the best line and backings since their games with some larger teams last year.

The Hurricanes had a large lead in the figures, but the Buffs were able to stop the Tulsa men in the tight spots.

Tulsa scored twice in the first period of the game, which made it appear that the game would be far from close, but in the second quarter a 60-yard march ended in a score for the Herd. Both conversions for the Tulsans were inaccurate, but the point was made after the Buff touchdown, bringing the score to 12-7. This was the score at the end of the half.

Only three minutes had elapsed in the second half before a pass over center went for another Tulsa score. The conversion was good and the Buffs dropped 12 points behind. After the kickoff, the Buffs were held back to the midstripe until a quick kick by Boyd Williams resulted in the ball resting on the Tulsa one yard line.

The Hurricanes punted out of the hole, but on the next play a pass from Box to Cross netted the Buffaloes another six points. The try for extra point went wild and the score again became only a margin of 6 points, 19-13.

A stalwart Buffalo line held the Hurricanes as they threatened three times and were held. However, they succeeded late in the fourth quarter to push over a score after a pass from Tulsa's Finks to Stratton ended on the WT one-yard stripe. Eddie Connor caught Stratton from behind to end the long run. Two plays later Tulsa added another seven points to bring the final count to 26-13.

Little Bill Cross of Canadian and Lloyd Johnson of Wheeler made the Buffs scores, with Junior Melton adding the conversion point.

Stratton, Boone and Finks held scoring honors for the Hurricanes.

The world is split into two groups. In one are those who believe in and aspire to a bill of rights with all its human implications. In the other are those who neither believe in or aspire to a bill of rights.—Averell Harriman, former ambassador to Russia.

The average small boy believes that teachers' salaries should be raised enough so that they might retire immediately.

## Powers Balance For WT-ACC Tilt

When West Texas State meets the Abilene Christian College Wildcats Saturday night it will be the twelfth meetings of the two teams since 1921. The Buffaloes will have a good chance to even the count as the Wildcats have won six of the eleven past games.

ACC had an impressive record of 8 wins, one loss and one tie last year with a fairly good chance of equalling that record this year. They have 15 of their lettermen back on the squad including three all-Texas Athletic Conference players and two second team all-conference men.

Both the teams to be in battle this week are small and consist largely of new players. However, after the Buffs' tough battle with Tulsa University last week, Coach Frank Kimbrough is hopeful that the mistakes found in the opener will be corrected by the end of this week.

Coach Kimbrough has called for skill practices and signal drills all this week, and scrimmages will be plentiful. The Buffs will again be in top condition physically for the tilt. Good condition of the WT players was a top asset in the Tulsa game, and the coaches say they plan to make this condition last for the rest of the season.

Abilene, however, opened its season with a victory over Southwest Texas State. This may mean they have started another season of victories.

Injuries received in the Tulsa game may be a loss to the Buffs, with such standouts as Noel Cudd, Berl Pruitt, Cozel Foster, Wayne Hill and Weldon Trice out of the line-up for as much as half the season. Others who received minor injuries hope to have them healed in time for the kick-off Saturday. At any rate the starting line-up will be changed considerably.

The weight and sizes of the two teams should match up fairly well, with several heavies and flyweights

# VOTE FOR..

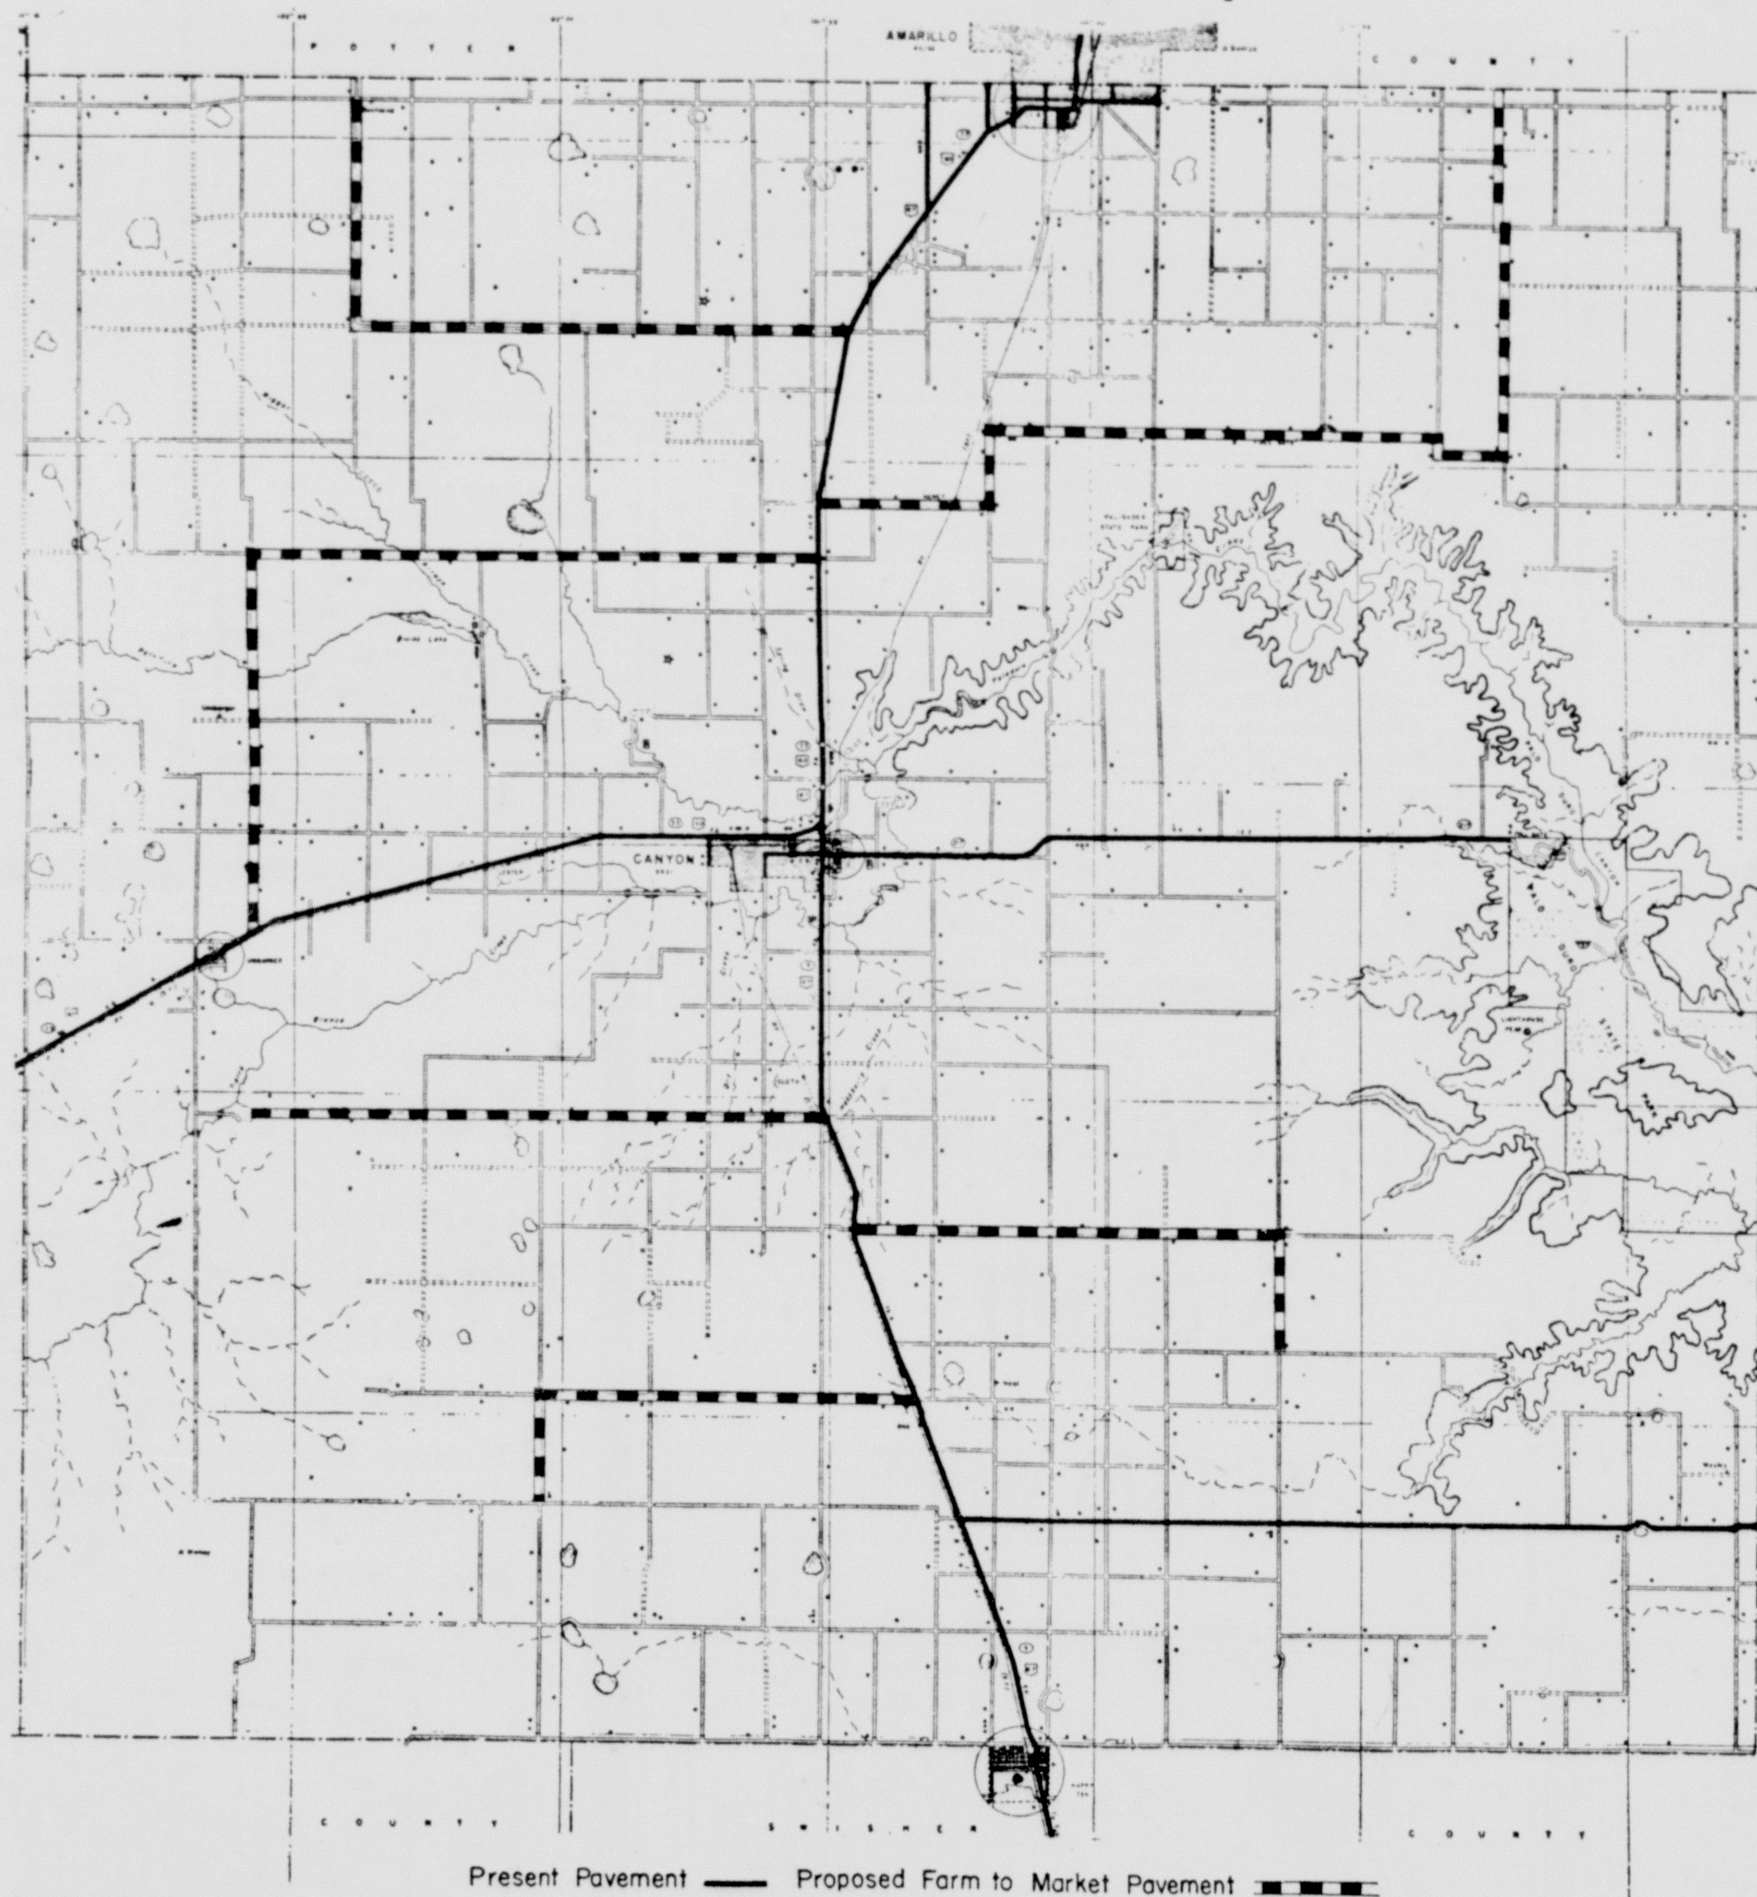

## Farm - to - Market Roads

### Saturday, September 27

EVERY OWNER OF REAL ESTATE, WHO HAS RENDERED HIS PROPERTY FOR TAXES, MAY VOTE

## Go To The Polls Saturday

Proposed Roads To Be Paved in Randall County

THE ABOVE MAP shows the present paved roads in Randall county, and the proposed farm-to-market roads which would be built, if the \$750,000 Road Bond issue is approved on Saturday, September 27. The proposed roads are planned so that extensions may be made to connect practically every part of the county with hard surfaced roads.

There is no question about the need of farm-to-market roads in Randall county. Producers must have roads for rapid transportation in order to reach market quickly with their dairy and poultry products and to get their animals to market on time. Every farmer in Randall county relies upon trucks and cars to reach the markets.

The system of farm-to-market roads which are proposed in this \$750,000 Bond Issue will come near to practically every farm in the county. Extensions may be built from these proposed roads in order to reach other farmers which cannot be

reached at this time. The most ardent supporters of this bond issue are among farmers who are not touched by the proposed system. They know that all farms in the county may not be reached at this time, but that they will be just a little nearer to pavement because of the construction of the new roads.

Randall county can afford this system of farm-to-market roads. The county has only a very small bonded debt. Practically all road bonds have been assumed by the State. When the people voted bonds to pave Highway 87 and 60, there was no

promise of State aid, yet the state has assumed this debt to a large degree. With the extension of farm-to-market roads over the state, it may be assumed that the state will come to the assistance of counties which go ahead and push their farm-to-market system.

We cordially urge you to go to the polls Saturday and cast a vote in favor of PROGRESS and GOOD ROADS in Randall county. Randall county is a producing county. Help the farmers produce more and get their products to the markets quickly.

## UNIFORM-ADJUSTERS

At least 100 more musicians are needed at West Texas State College to check out the uniforms lining the racks in the band house. Buffalo Band Director Jerry Newman, left, is seen issuing uniform number one to Bill Latson of Amarillo, trombonist.

### "BEST BAND YET" — NEWMAN

The Buffalo Band of West Texas State College gave their first official performance Monday morning.

And when they marched down Polk Street in Amarillo in the Tri-State Fair announcement parade, it was the initial appearance of the group. Director Jerry Newman predicts will be the "best band in the history of the school." However, the band still could use several additional players, he adds.

Leading the Maroon-and-gray-clad musicians was a large unit of twirlers. Gerald Smith of Hereford returned to West Texas this fall and re-assumed his leadership position as drum major.

Again this year, twin specialties will be presented by the Hanna twins of Stinnett—Martha Hanna and Mary Dalton. Other returning twirlers are Sue Smith, Clarendon; Melba Grady, Clarendon; Floydean Crawford, Spearman; and Ruth Bates, Canyon.

New to the prancer-group are Rosie Bates, sophomore from Childress, and Noreen McReynolds, freshman from Phillips. Besides twirling stunts, they will work out acrobatic and dance routines as a team.

## COLD BLASTS

will hit your home one of these days.

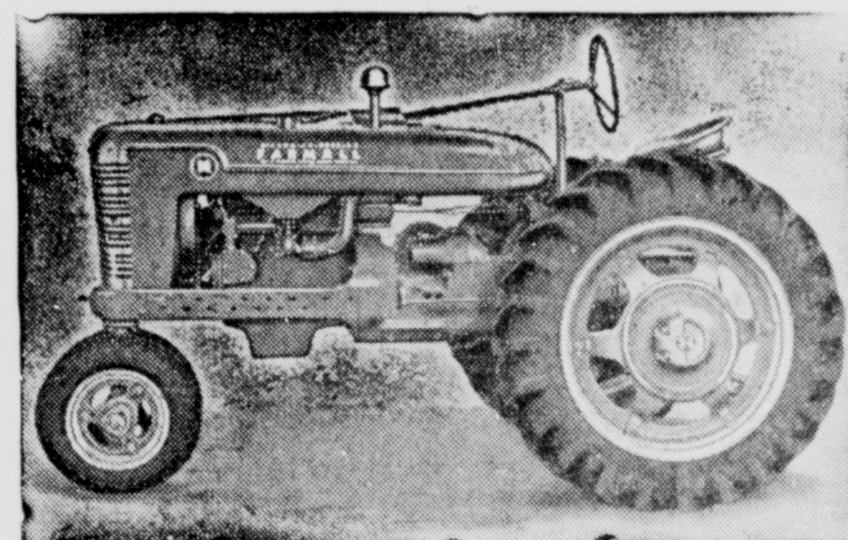

These are just small breezes as compared to what we will get later.

So fix up those leaks. Keep the heat in. Your windows and doors may need some work to conserve fuel.

## IT WILL NOT BE MUCH LONGER NOW!

We thank those who have patiently waited for that good International farm equipment. We say hopefully, "it will not be long now." Your machinery will be available very soon.

All of us will welcome the day of greater output. We want to supply you with your needs, and will do everything in our power to hasten deliveries.

Please see us and place your orders as quickly as possible. We shall rush up deliveries as rapidly as possible. Those who have placed their orders will naturally be first served.

In the meanwhile, our Repair Department is continuing to give expert service to the farmers of Randall county.

When you think of farm equipment — THINK OF INTERNATIONAL.
